#### **AWARD**

This is an Industrial Dispute between the workmen and the Management of Cochin Port Trust, Cochin referred to this Tribunal for adjudication under section 10(1)(d) of the Industrial Disputes Act, 1947 by the Government of India in Order No. L-35015(3)/78-D.IV(A), dated 25-4-1979 of the Ministry of Labour, in respect of the following issues:

Whether with the reduction of working hours from 12 hours to 8 hours per day in respect of Drivers, Leading Firemen and Firemen in the Fire Service Department of Cochin Port Trust, the management are justified in discontinuing payment of 25 per cent compensation to such workers? If so, what relief, if any, are the workers concerned entitled to?

- (2) Facts leading upto the dispute are not in controvercy, Respondent is the Chairman, Cochin Port Trust, Cochin-682003 Kerala State. The reference made by the Government of India relates to Drivers, Leading Firemen and Firemen in the Fire Service Department of Cochin Port Trust. At present 59 employees are working in this department, 16 as Leading Watchmen, 7 as Drivers and 36 as Firemen. They were working under two shifts of 12 hours duration i.e. from 8.00 A.M. to 8.00 P.M. and 8.00 P.M. to 8.00 A.M. The Government of India granted these employees a compensatory allowance at the rate of 20 per cent of the pay and dearness allowance with effect from 20-7-1958. While so, Union No. 1, viz, Cochin Port Staff Association, Cochin raised a demand by its letter dated 11-8-1971 Ex. M-4 that the compensatory allowance so far paid was not adequate. Thereafter discussions followed and eventually the Board of Port Trust, Cochin agreed to enhance the compensatory allowance from 20 per cent of pay and dearness allowance to 25 per cent of the emoluments by its resolution dated 17-9-1971 vide Ex. M-7.
- (3) While so, the Ministry of Home Affairs, Government of India went into the question of reorganisation of the entire fire fighting establishment of the Port including the equip-

ments of the department. The Deputy Fire Adviser of the Ministry of Home Affairs conducted an on the spot study and recommended that two shifts of these categories to dispensed with and a uniform three shift system be introduced for all the fire service crew including the Special Officers (i.e. Sargeants who were already on 8 hour shifts. Ex. M-8 is the extract from the report of the Deputy Fire Adviser. The Respondent Management, viz., Board of Trustees of the Cochin Port Trust considered this suggestion of Deputy Fire Adviser of the Ministry of Home Affairs and came to the conclusion that acceptance of this recommendation under Ex. M-2 would be condusive to the better efficiency among the fire service personnel and will be able them to be more vigilant and alert. Therefore the Cochin Port Trust passed a resolution on 3-12-1977, extract of which is exhibited as Ex. M-9 and accordingly issued a notice under the control of the Leductrial Director Act. Section 9-A of the Industrial Disputes Act-vide Ex. M-9. Under this proposal, the Management intended to introduce three shifts of 8 hours applicable to all fire service and Fire Float personnel with effect from 1-1-1978. Union No. 1, viz., Cochin Port Staff Association raised their objection—vide Ex. W-3 to the proposals made by the Management. In paragraph (3) of the Ex. W-3, Union No. 1 has specifically stated that the Association has no objection for introducing three shifts of 8 hours system. But it was raising objection in causing reduction in the emoluments of the Fire Service Personnel. Ex. W-5 is another letter of Union No. 1 dated 19-8-1978, wherein the Union has made it clear that have no objection to the introduction of 8 hours shift system but they resist the change in shift hours because of the adverse financial hardship that would cause to the workmen concerned due to their reduction in their pay packet to the extent of 25 per cent. Ex. W-4 is the conciliation failure report submitted by the Assistant Commissioner of Labour (Central), Ernakulam to the Government of India dated 4-4-1978. From Ex. W-4, it can be gathered that the present dispute has been raised not only by Union No. 1 but also Union No. 2, viz., Cochin Port Employees Organisation. At page 2 of Ex. W-4, the case put forward by the workmen has been summarised by the Conciliation Officer, in that, the Unions have no objection to the introduction of 8 hours shift system, but they would resist the attempt of the Management to reduce the pay packet to the extent of 25 per cent. It is under these circumstances, the Government of India has made the present reference which does not cover the introduction of 3 shifts of 8 hours but only whether with the introduction of this 3 shifts of 8 hours the Management are justified in discontinuing payment 25 per cent compensation to workers. Both the Unions have jointly filed a claim statement before this Tribunal on 28-6-1979 and the Management has filed their counter statement on 14-8-1979. Therefore, the only point that has to be determined is whether in spite of the introduction of 3 shifts of 8 hours duration in the place of 2 shifts of 12 hours duration in interified in the light of the Management 12 hours duration is justified in the light of the Management's refusal to pay 25 per cent of the emoluments as compensatory allowance as hitherto paid to these employees.

(4) In order to appreciate the controversy, it will be necessary to examine the nature of the work performed by these employees. It is admitted at page 2 of the joint claim statement filed that the duties of these employees were considered as essentially intermittent in character. That is to say, it is not as though the employees are on work throughout their period of duty but as and when there is any call, the employees have to perform their duty. The work of these employees is essentially not continuous but intermittent in character like drivers, leading firemen and firemen of the First Service, First Aiders and the Drivers I and II Class and Lasears engaged on watchkeeping duty on dredgers. Originally, there were only 2 shifts of 12 hours duration from 8.00 A.M. to 8.00 P.M. and 8.00 P.M. to 8.00 A.M. The workmen were thus working for 12 hours per day (i.e.) for 72 hours per week. As a result of the introduction of 3 shifts of 8 hours, the hours of a duty of these employees were reduced from 12 hours to 8 hours per day. In other words, they are now working for 8 hours alone per day. As I had already referred to both the Unions do not have any objection to the introduction of the 3 shifts of 8 hours duration, but they only resist the discontinuance of compensatory allowance paid to the employees representing 25 per cent of their emoluments. It is undisputed that the system of working in 3 shifts is also in vogue in many other essential services like electrical, water supply and hospital in Cochin Port.

- (5) That leads me to the consideration of the crucial question whether the discontinuance of the compensatory allowance to these employees is justified. In the first place, it is stated by the unions that the compensatory allowance till now paid to these employees is a part of the emoluments of the Fire Service personnel and therefore its withdrawal cannot be held to be legal or justified. But it must be pointed out that the Management has issued the necessary notice under section 9-A of the Industrial Disputes Act, 1947 before the introduction of the 3 shifts system. This 3 shifts pattern has been introduced and in vogue with effect from 1-2-1979 and ever since no employee has worked more than 8 hours a day. It should also be remembered that as a result of the introduction of 8 hours shift, more personnel had been employed recruiting 29 extra hands (as against the existing 59) for working these 3 shifts and those working were not paid any allowance from 1-2-1979. In this context, it has to be examined the basis on which compensatory alloance was originally granted to these employees who were engaged on duty which is essentially intermittent in character. originally, 20 per cent of pay plus Dearness Allowance per mensem was granted to the categories of workmen including drivers, leading firemen and firemen effective from 20-7-1958 as compensatory allowance for work which spread over a special in except of 9 hours or 48 hours a week Fx M.4 as compensatory allowance for work which spread over a period in excess of 9 hours or 48 hours a week. Ex. M-4 is the letter of the President, Cochin Port Staff Association to the Chairman, Cochin Port Trust, Cochin-3 dated 11-8-71. In Ex. M-4, the Union has categorically pointed out that the Fire Service Personnel are put to 12 hours work a day and they are paid only 20 per cent of their pay as compensatory allowance for the 4 hours extra duty which is quite inadequate. Therefore, it can be easily gathered that this inadequate. Therefore it can be easily gathered that this compensatory allowance which was originally 20 per cent of their pay and subsequently 25 per cent of their total emoluments had been granted on the ground of 4 hours extra duty put in by these workmen. As a matter of fact, this aspect has also been taken into consideration by the Deputy Fire Adviser of Ministry of Home Affairs in his report Ex. M-8, where he points out that the Leading Firemen, Drivers and Firemen follow the 2 shifts system, working for 12 hours at a stretch and drawing overtime allowance for the extra 4 hours they normally perform. Therefore, it can be safely concluded that this 25 per cent compensatory allowance given to these workmen were only for the extra 4 hours of duty carried on by them in excess of 8 hours duty. As I have already pointed out the nature of work of these employees is only intermittent and not continuous. Therefore when 3 shifts of 8 hours scheme is introduced, certainly the employees will not be entitled to compensatory allowance of 25 per cent of their emoluments for the extra 4 hours. Therefore the withdrawal of compensatory allowance paid to the employees while on 2 shift basis cannot be considered to be unjust or illegal consequent on the introduction of 3 shifts of 8 hours duration.
- (6) I may also refer to a few hardships and sufferings to which these employees may be subjected to consequent on the introduction of 3 shifts system. It is true that 3 shifts now in vogue is from 8.00 A.M. to 4.00 P.M., 4.00 P.M. to 12.00 (midnight) and 12.00 (midnight) to 8.00 A.M. Two points are urged, viz., that there are no transport facilities available between 9.00 P.M. and 6.00 A.M., likewise can teens are also not available. No doubt, to switch over from people accustomed to 2 shifts system to 3 shifts system a day will be hard and may pose its own teething problems. But in the larger interest of administration of duties when additional opportunities are also made available to more personnel the difficulties should not be made much of. Because it should also be remembered that the 3 shifts system is also in vogue in the same Port with regard to several departments such as electrical, water supply and hospital. It is also undenied that the workmen are provided necessary rest facilities during periods when transport may not be available and that there are public canteen facilities available in the vicinity. Although public transport facilities may not be available from 9.00 P.M. to 6.00 A.M., other transport facilities are certainly available between Willingdon Island and the main land at all times. Under these circumstances, the withdrawal of compensatory allowance to the employees originally working in 2 shifts system with effect from 1-2-1979 cannot be held to be unjustified or unfair.
- (7) In the result, an Award is passed holding that the Management is justified in discontinuing the payment of 25 per cent of pay as compensatory allowance to its workers

consequent on the introduction of 3 shifts of 8 hours with effect from 1-2-1979. In the peculiar circumstances, I direct the parties to bear their respective costs.

T. SUDARSANAM DANIEL, Presiding Officer Dated, this 26th day of May, 1980.

#### AWARD

This is a case of dismissal of the workman from service with effect from 16-9-1974 by the employer-management of Muraidih Colliery of M/s. Bharat Coking Coal Limited. The reference made to this Tribunal reads thus:

- "Whether the action of the management of Muraidih Colliery of Messrs Bharat Coking Coal Limited, Post Office Nawagarh, District Dhanbad, in dismissing Shri Ram Pada Acherjee, Clerk, from service with effect from the 16th September, 1974, is justified? If not, to what relief is the said workman entitled?"
- 2. The charge against the workman is that he prepared wagesheet for week ending 10-6-1974 after having accepted the report of Sri K. K. Khosla, Munshi wherein he later had falsely booked the truck loading trips knowing well that the munshi's report was not countersigned by other field staff which was the normal practice followed before billing. As a result of this omission a sum of Rs. 970.40 was paid to the labourers wrongly. It is further said in the charge that the workman in making this omission acted in connivance with the Munshi in his act of fraud and dishonesty with the management which was a misconduct under paragraph 18(i)(9) of the Model Standing Orders. In reply to the charge the workman repudiated the allegation regarding normal practice of preparing wagesheets as mentioned in the charge. According to him the normal practice was to prepare wagesheet on the basis of the Munshi's report. It is also said in the reply that the munshi's report for week ending 10-6-1974 was missing from the file which was not due to any fault of the workman but was purely due to the fault of the Munshi who prepared false report regarding truck loading. According to the workman he had no concern with the act of dishonesty and fraud alleged to have been committed by the munshi. The management not being satisfied with the reply ordered for a domestic enquiry. The finding of the Enquiry Officer in the domestic enquiry was that the workman was guilty of the charge. The management examined as many as five witnesses in the domestic enquiry including the Manager, Asstt. Manager and the Munshi, Sri K. K. Khosla. On the side of the workman three witnesses were examined including the workman himself. After senting of that report which was accepted by the concerned authorities the workman was dismissed.
- 3. It may be stated at this place that while issuing a charge-sheet against the workman the concerned Munshi Sri K. K. Khosla was also chargesheeted for dishonesty and fraud. There was a separate enquiry for Shri Khosla and the Enquiry

Officer also found him guilty. Sri Khosla also admitted his guilt. Consequently he was also dismissed after making some payment to the management to compensate the loss sustained by it on account of the false report given by the delinquent.

- 4. A dispute having been raised regarding dismissal of the workman concerned the appropriate Government have made the above reference.
- 5. After receipt of the reference parties were noticed and they filed their respective written statements and rejoinders. Before going into final hearing the question regarding fairness of the domestic enquiry was taken up as desired by the management and by order dated 14-1-1980 the enquiry has been held to be fair and proper. The question of perversity of the finding of the Enquiry Officer has been left open with the consent of both parties to be gone into at the time of hearing of the case on merit.
- 6. From the reply given to the charge as well as from the written statement of the workman it is found that the consistent stand of the workman has all along been that he acted bona fide in preparing the wagesheet without knowing that the munshi's report on the basis of which he prepared the wagesheet was a false one. His further stand is that there is no prevailing practice in the colliery in question that no wagesheet can be prepared on the basis of munshi's report unless the report is countersigned by supervisory staff of the management. The fact that the munshi's report in the case on the basis of which the workman prepared the wagesheet for the week ending 10-6-1974 is not countersigned by any member of the supervisory staff is not disputed by the workman. The charge against the workman as has been indicated above is that he acted in connivance with munshi in his act of fraud and dishonesty with the mnagement. It is therefore clear that the case against the workman is that he know that the munshi's report on the basis of which he prepared wagesheet was a false one and that with that knowledge he connived with the munshi and prepared the wagesheet on the basis of the false report. The munshi of cause as stated earlier has admitted his guilt and has been dismissed from service after compensating the management for the loss sustained by it on account of his report. The questions therefore which are left to be determined are as to whether the workman concerned knew that the report of Sri K. K. Khosla was a false one, whether with that knowledge he prepared the wagesheet resulting in loss to the management and whether the normal practice followed in the colliery was that no wagesheet will be prepared on the basis of a munshi's report unless the same is countersigned by supervisory staff.
- 7. After going through the evidence recorded in the domestic enquiry I do not find anything to arrive at the conclusion that at the time the workman prepared wagesheet he had knowledge that the munshi's report was a false one. Each and every witness examined on behalf of the management has and every witness examined on behalt of the management has deposed about the prevailing practice that a wagesheet is not prepared on the basis of a munshi's report unless it is countersigned by supervisory staff. The witnesses for the management, however, have admitted that there is no such written instruction and the Bill Clerk who is entrusted with the week of pragaring agreement, the basis of graphiles the work of preparing wagesheet on the basis of munshi's report for his own protection generally looks for countersignature of members of the supervisory staff in the report and when such signature is not there he gets the report verified either from the Asstt. Manager or from the Manager. It is also admitted by some of the witnesses that on some occasions wagesheets have been prepared on the basis of munshi's report without counter signature. It is the case of the workman concerned that he had not got sufficient experience regarding the work of preparation of wagesheet. He was appointed originally as Despatch Clerk and thereafter he was doing the work in provident fund section. According to him on the date he prepared the wagesheet in question he was asked by the Assit, Manager to do it. The workman resented because the work-load in his hand was very heavy. But still then the Asstt. Manager insisted and promised to help the workman in preparing wagesheet. This stand taken by the workman is of couse denied by the management but there is no clear assertion either in the written statement or in the reiginal filed by the management that on previous occasions the workman had been posted to the sent where wagesheets used to be prepared. The only assertion in the pleading of the management is that the management has got the right 254 GI/80--5

to ask a clerk to work in any seat and that prior to the occasion in question the workman had worked in various seats. This stand of the management does not go to show that the particular assertion made by the workman that at the time when he was asked to prepare wagesheet he was in the provident fund section and that under the orders of the Asstt. Manager he had to take up the work of preparation of wagesheet for the week ending 10-6-1974 is deried. The witnesses examined by the workman in the domestic enquiry while asserting that there is no instruction from the management not to prepare a wagesheet on the basis of a munshi's report not countersigned by supervisory staff have also deposed that on several occasions wagesheets have been prepared on the basis of Munshi's report not countersigned by supervisory staff. This being the state of evidence the finding of the enquiry officer that the charge against the workman that he connived with the munshi in his act of dishonesty and fraud with the management has been established cannot be said to be based on evidence. In this view I hold that the finding of the enquiry officer is perverse. In the absence of any written instruction or rules and in the absence of proof of any prevailing practice, when the workman's stand is that in normal course he was not to prepare the wagesheet for the week ending 10-6-1974 as the work did not belong to his seat, merely because the workman on some previous occasion had prepared some wagesheets which fact has been deposed to by some of the management's witnesses it cannot be said that the workman was aware of the prevailing practice and violated the same. There being no rule or written instruction regarding preparation of wagesheet, question of violation of such rule or instruction does not arise. The case of the workman is that in good faith he relied upon the munshi's report. Nothing has been elicited in course of recording evidence in the domestic enquiry to show that the workman lacked good faith at the time when he pre-pared wagesheet. It is alleged on behalf of the workman that after he prepared the wagesheet in question the same has been countersigned by the manager. True counter signature of the manager does not ipso facto go to show that he verified cor-rectness of the wagesheet after comparing it with the munshi's report. But whatever it may be from the facts and circum-stances revealed it is very difficult to throw away the workman's case that he was not acquainted with the normal practice as deposed to by the management's witnesses to be followed in preparing wagesheets and that in good faith he accepted the correctness of the munshi's report while preparing the wagesheet. Admittedly the workman was not connected with payment as per the wagesheet prepared by him. The management does not come forward with such a case. It is not the case of the management that in the money wrongly raid by the management on the basis of wagesheet prepared by the workman he got any share. No intimate relationship between the workman and Sri K. K. Khosla has either been nleaded or established. There is no evidence of connivance between the workman and the munshi. In these circumstances the order of dismissal cannot be said to be justified on basis of the finding of the Enquiry Officer. The decision relied upon by Mr. G. Prasad, namely, 5 SCLJ, 2999 (Balinara Tea Estate v. Its workmen) and 3319 (Titaghur Paper Mills Company, Ltd. v. Ram Naresh Kumar) are cases before Sec. 11A was introduced in Industrial Disputes Act by amendment. Therefore it was said in those decisions that a Tribunal was not competent to set aside the findings arrived at in the domestic enquiry except in very extraordinary circumstances. But after introduction of Sec. 11A into the Act the position has changed and at present a tribunal can reappraise the evidence in duriship enquiry to see if the finding in the enquiry is justified and if the quantum of punishment is heavy and excessive. The aforesaid decisions, therefore, are of no avail to the management.

8. An interesting point of law has been raised by Mr. G. Prasad learned counsel for the management. The point raised by him has also been taken in the pleading. It is argued by Mr. Prasad that the workmen prior to raising of the present dispute had instituted a Civil Suit for setting aside the order of dismissal and for reinstatement. The said suit having filed it is not open to the workman concerned again to seek remedy under the provisions of the Industrial Disputes Act. This contention of Mr. Prasad is without any substance. In the decision reported in 12 SCLJ. 278 (Automatic Electric Pvt. Ltd.

and Engineering Mazdoor Sabha & others) it has been held as follows:

- "(1) If the dispute is not an industrial dispute nor does it relate to enforcement of any other right under the Act the remedy lies only in the civil court.
- (2) If the dispute is an industrial dispute arising out of a right or liability under the general or common law and not under the Act, the jurisdiction of the civil court is alternative, leaving it to the election of the suitor concerned to choose his remedy for the relief which is competent to be granted in a particular remedy.
- (3) If the industrial dispute relates to the enforcement of a right or an obligation created under the Act, then the only remedy available to the suit or is to get an adjudication under the Act.
- (4) If the right which is sought to be enforced is a right created under the Act such as Chapter VA then the remedy for its enforcement is either section 33C or the raising of an industrial dispute as the case may be."

The order of dismissal in the present case has been passed against the workman under the provision of Model Standing Orders. Standing Orders are not statutory in character. They are at best conditions of service and so contractual. For an action against an order of dismissal not in accordance with provision of Standing Orders the remedy is only for compensation and not for reinstatement. The suiter who goes to civil court challenging the order of dismissal passed against him under the Standing Orders and prays for reinstatement cannot be said to be swing for declaration of any legal character. Such a remedy is not available under the common law. He can of course approach the civil course for compensation. In the present case the workman had instituted the suit to set aside the order of dismissal and for reinstatement. Such a remedy was not available to him in civil court. Where remedy is available under the civil law as well as under Industrial Disputes Act then only when one goes to civil court for the remedy and fails he cannot be permitted to seek the same remedy under the industrial Disputes Act. But where the remedy is not available in the civil court and a suit is instituted by a person for such remedy the suit must be held to be without jurisdiction and so such a suit cannot be a bar for any action taken for the same remedy under the special enactment. The doctrine of election does not apply. In the present case the suit filed by the workman in civil court was without jurisdiction, therefore, his suit to obtain remedy in the civil court cannot stand as a bar to seek remedy under Industrial Disputes Act. Mr. Prasad to contradict the position of law thus stated cites before me two docisions reported in AIR 1980 SC. 16 (Sitaram Vs. Pigment Cakes & Chemicals Mfg. Co.) and 1979 Lab. I.C. 319 (Biswanath V. Ramesh Chandra). The earlier decision is a subsequent decision of Supreme Court. There in that case said that by reading the plaint as a held to be without jurisdiction and so such a suit cannot be Lordships in that case said that by reading the plaint as a whole it cannot be said that the civil court had no jurisdiction. The law laid down in that decision is not a departtured from the law laid down by the same court earlier reported in 12 SCLJ. 278 (supra). The other decision is a single bench decision of Orissa High Court. Even reading that decision I do not find anything there which is contradic-tory to the decision reported in 12 SCLJ. 278 (supra). The relief of reinstatement which the workman now claims is nothing but enforcement of a right under the Industrial Disputes Act. That being so civil court has no jurisdiction to give the relief and relief can only be made available to the the carlier filing of civil suit by the workman cannot be a bar against him for relief under the Industrial Disputes Act.

9. No other point has been canvassed before me. In the result, therefore, the impugned order of dismissal is liable to be set aside not being justified and the workman concerned is entitled to reinstatemnt in his service with full back wages from the date of his dismissal till the date of reinstatement. The reference is answered accordingly.

The reference in this case reads thus:

'Whether the action of the management of Gopalichuck Colliery of Messrs Bharat Coking Coal Ltd. Post Office Kusunda, District Dhabad, in dismissing Shri Chandrama Mishra, Vocational Training Instructor with effect from the 1st September, 1978, is justified If not, to what relief is the said workman entitled?"

- 2. After notice to the parties they have filed their written statements and rejoinders. In the written statement filed by the management it is asserted that the concerned workman has been dismissed from service having been found guilty of misconduct as per the provisions of the certified Standing Orders after a fair and proper domestic enquiry. The assertion is denied by the workman in his written statement. He also says that there has been no fair and proper domestic enquiry as claimed by the management and that principles of natural justice have not been followed in such enquiry. It is on account of these assertions by the parties on the question as to whether there has been a fair and proper domestic enquiry, on the petition of the management the question was taken up for hearing as a preliminary point. While hearing on the preliminary point the management examined the officer who conducted the enquiry. No witness was examined on behalf of the workman at that time. By order dated 21-2-1980 this Tribunal has held that there has been a fair and proper domestic enquiry. At the time of hearing on this preliminary point a question was raised by Mr. B. Joshi learned counsel for the workman that in the absence of the Form C Register whether the enquiry officer was right in relying on the oral testimony of the management's witnesses in the domestic enquiry. It was agreed by both parties at the time of hearing on preliminary point that the question raised by Mr. Joshi as to whether in the absence of Form C Register the oral testimony of the management's witnesses examined in the domestic enquiry should be believed would be considered at the time of main hearing of the case.
- 3. The case of the management as made out in its written statement may be briefly stated thus. The workman concerned having held a supervisory post and being in receipt of wages much above Rs. 500 per month at the relevant time he is

not a workman within the meaning of Section 2(s) of the Industrial Disputes Act, and so the reference is bad in law. Conceding but not admitting that the workman was aw. Conceding but not admitting that the workman was not holding a supervisory post as mentioned above at the relevant time he being an Instructor in Vocational Training School, his status was that of a Teacher and not that of a workman. Therefore on this score also the reference is not sustained in law. On 8-10-75 the workman who was then a Vocational Training Instructor had been asked to report with the trainees at Bansdeonur Colliery in the morning Instead of trainees at Bansdeopur Colliery in the morning. Instead of reporting at Bansdeopur Colliery he at about 9.30 a.m. led a demonstration in front of the office of the colliery Manager in Gopalichuck Colliery, instigated the workers for gheraoing the Manager and the other officers and for assaulting them. As a result of the incitement given by the workman a section of workers became agitated and started throwing sand and ash on the officers, who were standing near about mob also flattened the tyres of the Manager's car. workman thus while taking part in the demonstration mis-behaved with the officers using abusive and threatening languages. As the action of the workman concerned was detrimental to discipline and amounted to gross misconduct, he was chargesheeted on 17-10-75 for leaving the work place he was chargesnected on 17-10-75 for leaving the work place without permission, for threatening, abusing superiors, for indulging in riotous and disorderly behaviour and for preaching and inciting violence amongst the workers. The workman in his reply to the charges having lenied the allegangations in the chargesheet and having taken a plea that he was at Basedoonic Colliery at the relevant time, the was at Bansdeopur Colliery, at the relevant time, the management was not satisfied with the reply and so ordered for a domestic enquiry. Sri D. N. Jha, Senior Personnel Officer (IR) was appointed as Enquiry Officer. The enquiry Started on 10-4-76 and continued upto 20-5-76. The Enquiry Officer gave all possible opportunity to the workman to defend himself and principles of natural instances. fend himself and principles of natural justice were followed in the enquiry. The Enquiry Officer having been satisfied about the guilt of the workman after the enquiry submitted his report to the manager holding the workman guilty. On the report so submitted by the enquiry officer the appropriate authority in the management by letter dated 1-9-76 dismissed the workman. Further the workman having instituted Title Suit No. 166 of 1975 and having sought for injunction against the Management in that suit and the suit and actificing for injunction both having bear displaced with and petition for injunction both having been dismissed, is not open to the workman to raise again an industrial dispute relating to the impugned order of dismissal as he had elected to take course to the remedy available to him in Civil Court. On these allegations the management claims that the workman is not entitled to any relief.

4. The case of the workman as appears from his written statement is as follows. At the relevant time when the work-man was chargesheeted he was holding the post of Vocational Training Instructor and prior to that he was overman of Gopalichuck Colliery Mazdoor Sangh. As member of trade union called Mazdoor Sangh he was agitating the grievances of the workman before the manager of the colliery, namely, Sri J. P. Panda. It is on account of this the workman incurred the displeasure of the manager. The impunged order of dismissal is a measure of victimisation for the workmen's trade union activities. The transfer of the workman from the post of overman to the post of Vocational Training Instructor was with a motive to make it impossibles for the workman to indulge in trade union activities. The manager out of grudge for the workman for his trade union activities before taking action to dismiss him tried to evict him from his quarters by alloting a portion of the same quarters to Sri Nanda Kishore Mishra. As there was apprehension of breach of peace on account of this the workman had to file cases under Section 144 and 107 Cr. P.C. Those cases were filed on 30-9-75 and 1-10-75 res-Cr. P.C. Those cases were august on 50-275 and 1-3775 pectively. These further annoyed the management. Thereafter the management threatened to dismiss the workman. The workman, therefore, had to file a Civil Suit and prayed for an infunction against the management on 3-10-75. Thus an injunction against the management on 3-10-75. Thus having found that the workman was not yielding the manager of Gopalichuck Colliery got the concerned workman falsely implicated in the incident of 8-10-75 and got a chargesheet dated 17-10-75 issued against him. The workman was nominated to the concerned workman was nominated to the concerned workman was nominated to the concerned to the concerned workman was nominated to the concerned workman falsely implicated in the incident of 8-10-75 and got a chargesheet dated 17-10-75 issued against him. The workman was not concerned workman falsely implicated in the incident of 8-10-75 and got a chargesheet dated 17-10-75 issued against him. The workman was not concerned workman falsely implicated in the incident of 8-10-75 and got a chargesheet dated 17-10-75 issued against him. The workman was nominated to the concerned workman falsely implicated in the incident of 8-10-75 and got a chargesheet dated 17-10-75 issued against him. dated 17-10-75 testing against him. The workman was nonmated as workers Instructor by the union for inspection of mines and for bringing unsafe conditions in the mine to the notice of the management. In the capacity of workers' Inspector the workman concerned had to bring to the notice of the authorities the violation of different provisions of Mines Act and Regulations made thereunder. Such acts on the part of the workman further agitated the management which as stated above falsely implicated the workman in a case and got him illegally dismissed. The workman since his removal from service has remained unemployed inspite of his best attempt to secure a job. The act of the management in dismissing a workman is nothing but an act of victimisation and unfair labour practice. On these allegations it is claimed that the impugned order of dismissal should be set aside and the workman be reinstated in his post with full back wages.

- 5. At the time of hearing on merit Mr. T. P. Choudhury learned counsel for the management has not pressed the points of law taken in the written statement saying that the workman concerned not being a workman as defined in the Industrial Disputes Act, the reference is bad and that the workman concerned prior to raising the present dispute having sought his remedy in the Civil Court by instituting a Title Suit and the said suit having been dismissed he (the workman concerned) is not permitted in law to take recourse to any remedy even if available under the Industrial Disputes Act. It is therefore not necessary to deal with these points.
- 6. In course of hearing management has not examined any other witness except the one only examined at the time of hearing on the preliminary point regarding fairness of the domestic enquiry. The evidence so led at that time by the management are taken into consideration for the purpose of disposing the case on merit. On the side of the workmen he has only examined himself to substantiate his plea of victimisation, by proving certain documents, namely, the plaint in the Title Suit, the written statement filed by the management in the said suit, the petition filed and the order passed thereon under Section 107 Cr. P.C. the petition under Sec. 144 Cr. P.C. and some others.
- 7. While dealing with the merits of the case it has to be remembered that in the order dated 21-2-1980 holding the domestic enquiry to be fair and proper it has been said that the learned cousel for both parties had agreed that the question as to whether the oral evidence led by the management in the domestic enquiry in the absence of Form C Register could have been believed by the Enquiry Officer should be gone into at the time of final hearing of the case. So I take up this question before going into the question of victimisation. Mr. B. Joshi learned counsel for the workman strenuously argues that non-production of Form C Register by the management at the time of domestic enquiry as well as before this Tribunal even though the same was called for by the workman is fatal to the management's case. This contention of Mr. Joshi has sufficient force. Form C Register has to be maintained under the statute. When one enters into a mine his name and the time when he enters into the mine are noted in the register. Similiarly when he comes out of the mine the time when he comes out is also mentioned in the register. In the chargesheet issued against the workman Ext. M-1 the allegations against him was that on 8-10-75 at about 9.30 a.m. the workman was found instingating the workers who were demanding for payment of wages near the office gate of Gopalichuck Colliery for gheraoing the Manager and other officers on duty and for assaulting them on the plea that the management had deliberately failed to pay wages in time. The further allegation in Ext. M-1 was that on hearing hallah the manager came out of his office to pursuade the workers. In the meantime the workman came forward and incited the workers by saying that "Hah Sab Bahena Bajl Hai? Sidhi Anguli Sey Ghee Nehi Nekalta Hai Eskey Liay Terha Banna Parega." On this instigation the workers became furious and started throwing sand and ash on the officers standling near including the Manager. The mob also flattened the tyres of the car No. BRW-108 on the instigation of

denying the allegations made in the chargesheet the workman said that at the relevant time he had been to another colliery with the trainces to impart job training to them as per statute. It is thus clear that from the very beginning the stand of the workman is that he was not present at the time of alleged occurance and at the time of the occurance he had gone to another collicry with the trainees for giving them job training. The papers relating to the domestic enquiry which have been exhibited in this case also shows that the workman stuck to this stand at the time of the domestic enquiry. The stand of the workman before this Tribunal tic enquiry. The stand of the workman before this Tribunal also has remained the same. As, WW-I the workman deposes that at the time of occurance he was not at the place of occurance. He was then in the Ekra Incline of Basudeopur Colliery and was imparting training to the trainees. He and the trainees got their attendances marked in the Attendance Register (Form C Register) before entering into the mine. The attendance register will show the time when he entered inside the mine. They entered into the mine at 10.00 a.m. It is because of this he had called for the register from the management. But the same has not been produced. It is thus evident that the stand taken by the workman from the very beginning that he was inside Ekra workman from the very beginning that he was inside Ekra Incline of Basudeopur Colliery at the time of occurance and that he was not at the place of occurance as alleged by the management is consistent throughout. As has been mentioned earlier Form C Register is a statutory one and has to be maintained by the management. Production of that document relating to Basudeopur Colliery for the relevant period would have shown as to whether the plea taken by the workman is false. This register was called for by the workman and admittedly the same has not been produced on the plea that it is not traceable. It is not disproduced on the plea that it is not traceable. It is not dis-closed by the management since when the register is missing. While cross-examining the workman it has been put to him as a suggestion that since the time the manager of Basudcopur colliery was examined in the demestic enquiry it was known to everybody that the attendance register was missing. Referance may be made here to the evidence of the manager of Basudeopur Colliery taken in course of domestic enquiry. It is seen from the depositon of manager of Basudeopur Colliery that in the cross-examination he was asked whether he now since how long the workman re-mained inside the mine (Basudeopur Colliery). The answer given to the above question by the witness was that he would be able to answer this after going through the attendance register (Form C Register). This answer clearly shows that at the time when the witness was deposing in the domestic enquiry the attendance register was not missing. The suggesenquiry the attendance register was not missing. The suggestion made to the workman in course of cross-examination before the Tribunal is that since the time the manager of Basudeopur Colliery was examined in the domestic enquiry it was known to everybody that Form C Register was missing. The suggestion put to the workman in cross-examination does not fit into the answer given by the manager. nation does not fit into the answer given by the manager, Basudeopur colliery. If really the Form C register was missing it was expected that in the domestic enquiry the manager, Basudeopur colliery would disclose the fact. As I have already said the plea of the workman from the very beginning is a plea of all bi. His positive case throughout has been that at the alleged place of occurance he was not present and that at the time of occurance he was inside Ekra Incline of Basudeopur colliery with the trainees. That being so the management should have realised the importance of attendance register (Form C register) from the very beginning in order to falcify the plea of all bi taken by the workman. The custodian of the document has neither been examined in the domestic enquiry nor before neither been examined in the domestic enquiry nor before this Tribunal. So it is very difficult to accept the plea of the management that Form C Register is really missing. This being the state of affairs an adverse inference should be drawn against the management to the effect that had the attendance register been produced it would have against the management. The lacuna for non-production of attendance register is sought to be removed by the management through the oral evidence of the witnesses including the manager of Basudeopur Colliery examined in the domestic enquiry. It is argued by Mr. T. P. Choudhury that if really the workman was inside Ekra Incline of Basudeopur Colliery at the relevant time there is no reason why the manager of that colliery would depose falsely against the workman. Similarly with reference to the evidence of witnesses for the management alleged to be present at the place of occurance it is said that in the absence of any plausible reason

witness to the occurance who have spoken about the pre-sence of the workman at the place of occurance cannot be dis-believed. It is very difficult to swallow this argument because as has been pointed out earlier the case of the workman is one of victimisation. It is admitted that the concerned workman was taking active part in the activities of Rashtriya Colliery Mazdoor Sangh and that the union in reply to one of the letters to the manager wrote that the workman was the authorised representative of the workers of the union. It has been sufficiently established that long before the alleged date of occurance there was a dispute regarding allotment of quarters in occupation of the workman. May be the case of the workman that there was an attempt to evict him from his quarters by allotting the another by the management is not true. Regarding the question of allotment of quarters the case of the management is that it did not allot the same quarters which had been allotted to the workman but it allotted a porton of the building in which the workman's quarters were situated to another employee. Whatever it may be the fact remains that over the allotment of quarters there was a dispute on account of which the workman initiated a preceeding under Sec. 144 Cr. P. C. vide Ext. W-2. It is also a fact that the workman concerned initiated a proceeding under Sec. 107 P.C. as he apprehended breach of peace on account of some action of the management. Sec. Ext. W-4. Similarly it is also not disputed that the workman apprehending wrangful dismissal by the management initiated Title Suit No. 166 of 1975 in the Court of the Munsif first court and prayed for an injunction. True it has not been shown that none of the proceedings initiated by the workman ended in his favour. But that does not matter. All these proceedings were taken by the workman long before the issue of chargesheet against him. Thus it is clear that the feelings between the workman and the management before issue of the chargesheet and before the alleged occurance was not cordial. There is also evidence that on an earlier occasion a disciplinary action had been taken against workman by the management regarding a similar incident as in the present case. That being so it is very difficult to accept the oral testimony to management's witnesses in this case that the workman was present at the place of occurance and instigated the workman to commit violence as alleged in the chargesheet in the absence of best documentary piece of evidence, namely, Form C Register. That apart the evidence of the manager, Basudeopur Colliery, is that workman approached him on the alleged date of occurance i.e. 5-10-75 at about 11 a.m. with a number of trainees and produced a ltter from Gopalichuck Colliery containing a request to allow the workman and the trainees to go inside the mine at Besudeopur Colliery for the purpose of giving training to the trainees. As it was late according to the manager to the trainees. As it was late according to some other day at about 9 a.m. so that there would be sufficient time to give instruction to the trainees inside the mine. The instigated the workman to commit violence as alleged in give instruction to the trainees inside the mine. The deposition of the manager is further to the effect that even after saying so be allowed the workman and the trainees to go to 12 Incline of Basudeopur Colliery. According to the manager the workman and the trainces went to 12 Incline but did not go inside the mine. The letter produced before the manager is Ext. M-15. This letter does not show the time when it was written nor there is any endorsement in the letter by the manager that the research the time when the produced the letter by the manager that the research the letter by the manager that the research the letter by the manager that the research the letter by the manager that the the letter by the manager that it was received by him at 11 a.m. On the other hand there is an endorsement on this in the hand of the manager asking Senior Overman at the 12 Incline to allow the workman and the trainees. This endorsement does not show that the manager told the workman that it would be of no use to go incide the mine at 11 a.m. and that he would better come next day or any other day at 9.00 a.m. so that there would be sufficient time for giving training. The contemperaneous document Ext. M-15 does not support the oral testimony of the manager of Basudcopur Colliery. If the evidence of the manager is true one would normally expect an endorsement in his hand in Ext. M-15 that he had asked the workman to come some other day at 9.00 a.m. as it would not serve any purpose to go inside the mine at 11 a.m. There is no indication in Ext. M-15 about the advice given by the manager to the workman. On the other hand the endorsement on Ext. M-15 shows that he asked the Senior Overman to allow the workman to go to 12 Incline. The contemporaneous document Ext. M-15 being silent about the time when the workman approached the manager of Basudeopur Colliery 8-10-75 and there being nothing to show in the document that he advised the workman to come some other day carller,

the testimony of the manager cannot eb accepted when the most important document namely Form C Register withheld. There is no reason why the Senior Overman 12 Incline to whom the manager made a request to allow the workman to go to 12 Incline has not been examined. Similarly there is no reason why the author of Ext. M-15 has not been examined. The evidence of these two witnesses would have thrown light on the material question as to actually at what point of time the workman went to Basudeopur Colliery. It is argued by Mr. T. P. Choudhury that if the evidence of manager of Gopalichuck colliery and other witnesses alleged to be present at the place of occurance is believed it would mean that the occurance took place at abou 9.30 a.m. After the occurence there time for the workman to go to Basudeopur colliery. The workmen's evidence is that he entered into the mine at 10 a.m. Mr. T. P. Choudhury therefore urges that there being a gap of half an hour between the time when the occurrence took place and the time when the workman went inside the mine and the distance between the Gopalichnek colliery and Basudeopur colliery being very little they being adjoining collieries the version of both the manager as well as of the workman can be taken to be true. Therefore on the evidence of the workman himself it cannot be said that the workman was not present at the place of concurence. But this argument of Mr. Choudhury over-looks the evidence of management's witnesses according to whom the occurence continued for about 45 minutes. So therefore if the workman was present for 45 minutes at the place of occurence he was present for 45 limites at the prace of occurrence would not be able to go inside the mine at Basuleopur colliery at 10 a.m. This is of course a mathematical calculation which I have made. The time spoken to by the witnesses on both sides may not be exact. The production of Form C Register would have given the exact time. To avoid a conclusion based on oral evidence regarding time Form C Register would have been of much assistance. It is well known when the witnesses depose about time they depose according to their own idea of time and they may not be exact while deposing about time. So it is not possible to accept the argument of Mr. T. P. Choudhury. Nothing has been shown under what circumstances Form C Register has been lost and since when. This being the state of affairs I am of the view that the attendance register has been with held and for the reason given by me above the evidence of the manager of Basudeopur colliery cannot be accepted and so also the evidence of other witnesses for the management so far as their version about the time of occurence is concerned.

As many as eight witnesses have been examined on behalf of the management in the domestic enquiry. Of them MW-7 is a post concurrence witness. Regarding the actual words of instigation used by the workman the witnesses to the occurence differ. According to some of them the workman said that unless dandas are used matter cannot be settled. Other witnesses do not say about this. MW-5 is said to be the workman who had come to the office of the manager for his signature on a slip for Rollas, Bamboos and tiles. He was standing at the door of the manager with a office clerk came out of the office room, the workman showed the slip to the manager who threw it away. Thereafter the witness accompanied the manager who went outside, According to the witness when the manager mursuaded the workers assembled the workman ultered abusive and threatening words. Thereafter according to the witness, both the manager and Asstt. Manager went inside the office and he (witness) went to his home. This evidence appears to be very unnatural. According to other witnesses of the management after hearing the words spoken by the workman the workers who had assembled got instigated threw sand and ash and flattened the tyre of the car of the manager. Such being the statement of other witnesses it is not possible to accept the evidence of MW-5 that he went after hearing the workman using abusive words without waiting there to see what the crowd did after the alleged instigation.

On behalf of the workman as many as five witnesses have been examined in the domestic enquiry. Some of them are the trainees who accompanied the workman to Basudeopur Colliery on the alleged date of occurance. There is no reason why their evidence should not be accepted and the evidence led on behalf of the management should be preferred.

For the reasons given by me above I hold that the management has not been able to prove the charge against the workman in the domestic enquiry as well as here. The attendance register which should have settled the dispute accordingly has been withheld to falcify the workman's stand and to make out a case against him. Consequently I am of the view that the order of dismissal passed against the workman on the basis of finding in the domestic enquiry is not justified.

8. On the question of victimisation even though elaborate arguments have been advanced on both sides it is not necessary for me to give any finding because of the conclusion I have reached above. It may be said that on account of previous enemity between the workman on the one hand and the management on the other the management has foisted a false case against the workman in order to dismiss him from service. Likewise it may also be said that on account of hostality between the two sides the workman has come forward with a false plea of all bi. As I have already said that the evidence led by the management to substantiate the charge against the workman is far from satisfactory, on the basis of such evidence the finding that the workman is guilty could not have been arrived at and on the basis of such finding therefore the order of dismissal is not justified. The impugned order of dismissal is therefore liable to be set aside and the workman is entitled to be reinstated with full back wages from the date of his dismissal till the date of reinstatement.

#### AWARD

The Government of India in the Ministry of Labour in exercise of the powers conferred on them U/S 10(1)(d) of the Industrial Disputes Act, 14 of 1947 have referred the following dispute to this Tribunal for adjudication as per their Order No. L 20012/50/79-DIII(A) dated 31st August, 1979.

#### **SCHEDULE**

"Whether the action of the management of East Bhuggatdih Colliery of M/s. Bharat Coking Coal Ltd., P.O. Jharia, Distt. Dhanbad in striking off the name of Shri Rambrichh Dusadh. General Mazdoor is justified? If not, to what relief is the said workman entitled and from what date?

- 2. On behalf of the workman the General Secretary of the Khan Mazdoor Congress has filed a written statement of claim stating that the concerned workman was working as a General Mazdoor in East Bhuggatdih Colliery from 1-4-72 on a permanent basis. On 2-2-76 he fell ill. He was treated for some time at the colliery hospital. As he was not getting sufficient relief from this treatment he went under the treatment of Dr. B. Chowdhury, Ex-Civil Surgeon. He continued to be under Dr. Chowdhury's treatment till 25-6-76 on which date he was declared fit. With the filmess certificate issued by Dr. Chowdhury he reported for duty. The colliery maragement referred his case to the Colliery Doctor. He was later asked to go to the Area Colliery Hospital at K istore. He was assured by the Kustore Area Hospital authority that he would be allowed to resume duty after objecting some clarification from the Medical Officer. But no such certificate was issued by the hospital authorities enabling him to join duty. He also submitted a representation to the Area General Manager on 24-11-77. No reply is given to that representation. Then he placed his case before his union who raised an industrial dispute with the management before the A.L.C. (C) Dhanbad. The conciliation proceedings having ended in failure the present reference is made to his Tribunal. The workman prays that he may be reinstated in service with full back wages and continuity of service.
- 3. The management in their written statement stated that the workman ceased attending the colliery with effect from 20-1-76 without prior intimation. The management kept his name on the rolls till 3-1-77 expecting him to either resume duty or apply permission. No having received any communication from the workman they issued the letter dated 3-1-77 informing the workman that his name had been removed from the rolls on account of his continued absence since 20-1-76. They say that the present dispute has been raised nearly two years after the order dated 3-1-77. They submit that there is no ground for interference with the orders passed by them.
- 4. The management filed a rejoinder denying the material averments made in the workman's written statement of claim and the workman also has filed a rejoinder denying the several averments made in the management's written statement.
- 5. On the above pleadings the issues that arise for consideration are—
  - (1) Whether the workman was prevented by any justiable cause from attending duty from 20-1-76?
  - (2) If not, whether the action of the management in striking the workman's name off the rolls is justified?
  - (3) To what relief?
- 6. Issue (1).—The workman concerned is a General Mazdoor in the East Bhuggatdih Colliery having joined service on 1-4-72. The management's case is that from 20-1-76 he absented himself without prior intimation. Having waited till 3-1-77 for the workman to report himself for duty the management issued the letter Ext. M-1 informing him that his name had been removed from the rolls of the company on account of his absence without permission or previous intimation. The workman's case is that he attended duty till 1-2-76 and that he fell ill on 2-2-76. He claims to have obtained some treatment at the colliery hospital for some time and not getting satisfactory relief from the treatment he switched over to Dr. B. Chowdhury, Ex-Civil Surgeon. Dr. Chowdhury issued the certificate Ext. W-1 dated 19-6-77 certifying that the workman had been under his treatment

from 2-2-76 to 19-6-76. He says that the workman might be allowed for duty from 26-6-77. Since this letter makes interesting reading it is reproduced here below:

"Dr. B. Chowdhury, M.B.B.S (RAN) Civil Asstt. Surgeon, Ex-Physician & Surgeon Central Hospital. Duplicate

Ibaria

Dated 19-6-77

This is to certify that Sri Rambrigh Dusad S/o Sri Kishun Ram 32 HM East Bhagatdin colliery, Jharia, Dhanbad had haemoplysis and cough on 2-2-76. He was treated and given rest for two months. After that he again came for cough and weakness, Hence he had been under my treatment from 2-2-76 to 19-6-76.

Now he is normal. He may be allowed fit for duty from 26-6-77.

Sd./-19-6-77 Medical Officer Jharia Block."

In para 4 of his claim statement the workman stated that with the certificate of Dr. Chowdhury he reproted himself for duty on 25-6-76 but was not allowed to do so. Thereafter he made some representation to the management Ext. W-5 dated 24-11-77. He also submitted a similar complaint to the Dy. Commissioner, Dhanbad District complaining about the management's failure to take him back in service. Finally he approached the union to take up his cause. As WW-1 the workman stated that with the certificate issued by Dr. Chowdhury he reported himself for duty on 19-6-76. The Manager of the colliery referred his case to the Central Hospital, Kustore where he says he filed the original Medical Certificate (Ext. W-1 purports to be only a duplicate) issued by Dr. Chowdhury along with the remarks passed by the Manager. The Central Hospital authorities after taking the medical certificate and the paper containing the remarks of the colliery Manager, handed over the empty cover Ext. W-2 to him. They failed to return the said documents to him. In his cross-examination he was asked if he did not get the original of the letter Ext. M-1 from the management informing him that his name was removed from the rolls. He answered in the negative. The Colliery Manager Mr. Sarkar examined as MW-1 deposed that a copy of the letter Ext. M-1 true court by registered post to the home address of the M-I was sent by registered post to the home address of workman. Ext. M-2 is the postal receipt evidencing workman. Ext. M-2 is the postal receipt evidencing the despatch of the letter by registered post. Another copy of Ext. M-1 was sent to the address of the workman for service through the peon book. Ext. M-3 is the endorsement made by the Peon on Ext. M-1 to the effect that the addresse was not available at the address. MW-1 says that the said endorsement is in the handwriting of the Peon, Narain Bauri with whose handwriting he is familiar. He also produces Ext. M-4 the Sick Register of East Bhuggatdih Colliery dispensary for the period 12-6-76 to 28-6-76 to disprove the workman's case that he was sent to the dispensary on 19-6-76. Under the relevant date there is no entry in the name of the Under the relevant date there is no entry in the name of the workman in that register.

7. A careful examination of the evidence adduced on behalf of the workman does not support his claim that he was ill from 2-2-76 to 19-6-76. There is no idependent evidence to support his case that he fell ill on 2-2-76 and that he underwent treatment for some time at the colliery Hospital. The private practitioner Dr. Chowdhury is not examined to speak to the case that the workman was under his treatment upto 19-6-76. The certificate Ext. W-1 also does not appear to be a genuine one. It is dated 19-6-77. It stated that the workman was under his treatment from 2-2-76 and that he was found fit on 19-6-76, yet the Doctor recommends that the workman might be allowed to join duty from 26-6-77. It is not even the workman's case that Dr. Chowdhury treated him from 2-2-76. As WW-1 he deposed that after attending the colliery hospital for 15 to 20 days he went to Dr. dhury. The letter Fxt. W-3 dated 18-2-76 addressed by the

workman to the Colliery Manager makes no mention of his illness since 2-2-76 and his absence from duty on that ground. It merely contains a request to put the workman on some work other than that of a bailing mazdoor. The letter Ext. M-1 issued by the Management striking off the rolls the workman's name must be presumed to have been served on the workman. It was sent to his home address by registered post. It is not the workman's case that the home address given in Ext. M-1 is incorrect. A copy of it sent to the colliery address was returned unserved as per Ext. M-3 endorsement. Even after the receipt of the registered letter he did not take any action. If only he had reported himself before the management soon after the receipt of Ext. M-1 and explained the circumstances under which he was compelled to remain absent, the management might have reconsidered their decision. Only during the year 1978 he raised an industrial dispute questioning the action taken by the management. Except the plea of sickness no other explanation is put forward on behalf of the workman for his continued unauthorised absence for nearly one year. This plea of sickness is not believed. In the circumstances Issue (1) answered against the workman.

8. Issue (2).-Sri S. P. Singh for the workman argued that even if the workman had been absent without permission as alleged, still the management was not justifled in removing him from the rolls without issuing a chargesheet to him. Even assuming that the management went wrong in removing the workman from the rolls without holding a departmental enquiry, still it was open to the workman to show before this Court that he was prevented from attending the collery for sufficient reason which he failed to do. Further as submitted by Shri Joshi for the management, if only the workman had appeared before the management soon after the receipt of the letter Ex'. M-1 the management might have reconsidered their decision and allowed the workman to resume duty. He did not care to follow that course. In the circumstances the action of the management in removing the workman from the rolls cannot be said to be unjustified. Sri S. P. Singh tried to submit that striking off the name of the workman from the rolls amounts to retrenchment and since the management failed to observe the provisions of Section 25F of the Industrial Disputes Act before such retrenchment, the workman is entitled to be reinstated in service with full back wages. I do not agree. This is a case of abandonment of service and not retrenchment. Sri S. P. Singh submitted that the workman might be given another opportunity to work in this colliery condoning these lapses on his part. I see no reason why another opportunity should not be given to the their decision and allowed the workman to resume duty. He reason why another opportunity should not be given to the workman. There is no evidence placed on the record to show that the conduct of the workman during the period he served in this colliery was in any way unsatisfactory. I feel that the workman may be given another chance to work. Sri Singh submitted that full back wages may be awarded to the workman, I feel that having regard to the fact that the workman remained absent without prior intimation nearly one year, his inaction for a period of nearly two years from the date his name was struck off the rolls and also the fact he has come to this Court with a deliberately false case of sickness, I feel that it is not a fit case where any such relief should be given to him. Issue (2) found accordingly.

9. Issue(3).—In the result this reference is answered as follows:

The action of the management in striking off the name of the workman from the rolls is justified. But taking a lenient and humanitarian view the management is directed to reinstate the workman in his original job with effect from the date of publication of this Award as a fresh entrant. The workman will not be entitled to any back wages or any other benefit.

The Government of India in the Ministry of Labour in exercise of the powers conferred on them U/S 10(1)(d) of the Industrial Disputes Act, 14 of 1947 have referred the following dispute to this Tribunal for adjudication as per their Order No. L-20012/69/77-DIII(A) dated the 8th February, 1978.

## SCHEDULE

"Whether the action of the management of Pure Dhansar Colliery, M/s. Bharat Coking Coal Ltd., P. O. Dhansar, Dist. Dhanbad in refusing employment to Sri Rajendra Lal, Quarry Munshi, is justified? If not, to what relief is the said workman entited?"

- 2. The workman in his statement of claim pleaded that he joined service as a Munshl under a contractor in Quarry No. 7 of Pure Dhansar Colliery long before the date of take over of that colliery by the Central Government on 30-1-73. Even after the date of take over he continued to work in that colliery till he was stopped from service by the Manager with effect from 6-5-73: He alleges that one Narendra Prasad Sinha (N. P. Sinha or Sinha for short) was allowed to work in his place assuming his name with the active collusion of the local management. Sometime about September 73 on a complaint lodged by this workman an enquiry was held into the question whether N. P. Sinha was impersonating him and held against N. P. Sinha. In the light of the finding given by the Enquiry Committee, N. P. Sinha was stopped from work with effect from 28-2-75. His contention is that after the removal of N. P. Sinha from service on the ground of impersonation he should have been reinstated in his original post of Munshi. The management's refusal to reinstate him is characterised as unjustified, illegal and an act of unfair labour practice. He prays that he may be reinstated in his original job of Quarry Munshi with continuity of service with full back wages,
- 3. The management in their written statement state that Dhansar Colliery comprises of one mine and two quarries. The mine was nationalised with effect from 1-5-73, while the quarries were allowed to be worked by contractor. The contract system was abolished with effect from 1-8-73 and the contractor's employees were taken over by M/s Bharat Coking Coal Ltd. The management admits that prior to

1-8-73 the workman was on the rolls of this colliery. Since he was not actually working in that colliery on the relevant date viz. 1-8-73 they say the workman was not entitled to be absorbed in the service of M/s. Bharat Coking Coal Ltd. It is their further case that the workman was otherwise employed as an Accountant in the Co-operative Stores of Sendra Bansjora Colliery on the relevant date viz 1-8-73 and that his services were terminated for some misappropriation sometime thereafter. The management further pleaded that taking advantage of the fact that the concerned workman's name appeared on the rolls of the contractor, one N. P. Sinha managed to obtain the post of the concerned workman assuming his name. They also admit that on a complaint given by the concerned workman the management insituted an enquiry into the question whether N. P. Sinha was an impostor and the Enquiry Committee returned a finding against the said N. P. Sinha. On the basis of that enquiry report the services of N. P. Sinha were terminated. The management maintains that just because N. P. Sinha's services were terminated on the ground of impersonation, it does not follow that the concerned workman should be reinstated in his original post. He was not in the service of the colliery on the relevant For these reasons they submit that the workman is date. not entitled to any relief.

- 4. The management in their rejoinder admit that the workman's name was registered on the rolls of the contractor as a Munshi. They dispute the averment that the workman's services were stopped by the Manager of the Colliery on 6-5-73. According to them when the concerned workman was working under a contractor, the Manager of M/s. Bharat Coking Coal Ltd., could have no right to stop a contractor's employee from work. They say that since the concerned workman had voluntarily stopped work sometime prior to the relevant date 1-8-73, he has no right to be reinstated in service. They pray that this reference may be answered against the workman.
- 5. In his rejoinder the workman pleads that he must be deemed to have been a workman of M/s. Bharat Coking Coal Ltd., with effect from the date of nationalisation viz. 1-5-73. It is submitted that since the contractors who were engaged for quarry work were doing the work of Bharat Coking Coal I.td., the workmen engaged by the contractor for that purrose must be held to be the workmen of M/s. Bharat Coking Coal Ltd. Regarding the averment that the workman was employed in the Co-operative Stores of Sendra Bansjora Colliery on the relevant date, the workman submits that he was doing that work in his spare time on a part-time basis. It is stated that there is no legal bar against the workman doing som part-time work in his spare time. The allegation that the workman was dismissed from the service of the Co-operative Stores on charges of misappropriation is denied. He says that he left the service of the Co-operative Stores voluntarily. He also disputes the managements case that all the workmen of the contractor were taken over by M/s. Bharat Coking Coal I.td., with effect from 1-8-73. His case is that the contractor's workers were not departmentalised in one lot, but in batches at different dates. The concerned workman was assured by the Manager that he would also be taken on the rolls of M/s. Bharat Coking Coal Ltd., and was made to wait for his turn on this assurance. But when he went to the colliery to find out when his turn was due, he discovered that one N. P. Sinha was already working in his place assuming his name. He denics the averment of the management that with his connivence N. P. Sinha worked in his place assuming his name. He prays that the reference may be answered in his favour.
- 6. On the above pleadings the points that arise for consideration are—
  - (1) Whether the action of the management in refusing employment to the concerned workman in the circumstances of the case is justified?
  - (2) To what relief?

## Reference No. 12 of 1978

7. The Government of India in the Ministry of Labour in exercise of the powers conferred on them U/S 10(1)(d) of the Industrial Disputes Act. 14 of 1947 have referred the following dispute to this Tribunal for adjudication as ner their Order No. L-20012/71/77-DIII(A) dated the 8th February, 1978.

## SCHEDULE

- "Whether the action of the management of Dhansar Collicry of M/s. Bharat Coking Coal Ltd., P.O. Dhansar, Dist. Dhanbad in terminating the services of Shri Narendra Prasad Sinha, Office Assistant with effect from 28th February, 1975 is justified? If not, to what relief is the said workman entitled?
- 8. On behalf of the workman the Secretary of the Rushtriya Colliery Mazdoor Sangh has filed a statement of claim stating that the workman joined the service of the contractor, Ghanashyam Noonia of Pure Dhansar Colliery with effect from 2-12-72. The letter recommending the workman for appointment was given in the name of the workman himself and no other. It is further alleged that having appointed the workman as Munshi in his own name with some ulterior motive the contractor changed his name to Rajendra Lal. On coming to know of this change brought about in his name the workman lodged a protest with the contractor. But the contractor refused to change the name of the workman. Thereafter the workman complained to the Manager of the colliery and requested him to see that his name was corrected as N. P. Sinha, but without success. The records of the colliery also show that the workman's name was entered as N. P. Sinha alias Rajindra Lal. The workman complaint that the records have been deliberately manipulated to create confusion and to victimise him. He says that the Forms 'F' and 'M' notices issued to him by the management give his name correctly as N. P. Sinha. It is admitted that the workman's services were regularised under M/s. Bharat Coking Coal Ltd., in the name of Rajejndra I.al. However, the pay slips that were issued to him every month were in his own name N. P. Sinha without any other alies. He asserts that the colliery records do not show that any Rajendra Lal was a workman of the colliery at any time. He states that no workman or the comery at any time, the states that no changresheet was issued to him regarding the charge of impersonation before terminating his service. He also points out that during the relevant period 1972 to September '73 Rajendra Lal was working in Sendra Bansjora Colliery Cooperative Stores. This circumstance it is submitted improbablises the charge of the concerned workman impersonating Rajendra Lal in this colliery. It is further pleaded that in the light of the terms of Reference this Tribunal is not conthe light of the terms of Reference this Tribunal is not concerned with the question whether the regularisation of the services of the concerned workman in M/s. Bharat Coking Coal Ltd., is proper or no but only with the question whether the termination of the services of the workman who was already an employee of M/s. Bharut Coking Coal Itd. with effect from 28-2-75 was justified. For the aforesaid reasons the workman prays that he may be reinstated with continuity of service and full back wages.
- 9. The Management in their written statement submit that the concerned workman (workman to be short) was a rank impostor. He managed to find his way into the service of Pure Dhansar Colliery assuming the name of another workman in that colliery by name Rajendra Lal. When his services came to be regularised on the abolition of the contract system with effect from 1-8-73, the management raised no objection to it in the bonafide belief that he was really Rajendra Lal. When the real Rajendra Lal filed a complaint alleging that the workman was an impostor, the management enquired into the same and found that the charge to be true. In view of that finding of the Enquiry Committee the services of the workman were stopped. The averment that the workman secured employment under the contractor in his own name and that the contractor for some reason changed his name to Rajendra Lal is denied. They pray that the reference may be answered against the workman.
- 10. The workman filed a rejoinder to the management's written statement running into 11 typed pages which is for the most part a more reiteration of the everments made in the statement of claim. It is contended that by whatever name the workman was taken on the rolls of M/s. Bharat Coking Coal Ltd., he was admittedly working on the relevant date and this circumstance entitles him to continue in service. The subsequent action of the management in stopping him from work on the alleged ground of impersonation is not tenable.
- 11. The management in its rejoinder takes the plea that the workman being an imposter there can be no valid industrial dispute regarding his employment or non-employment. It is also submitted that as the workman has been proved to

be an impostor there was no need to issue a chargesheet or conduct a departmental enquiry in his presence. They say that the records of the contractor show that Rajendra Lal was in his service as Munshi and not the workman. It is further submitted that the workman never putforth the case before the former owners or M/s. Bharat Coking Coal Ltd., that his name was originally entered in the contractor's records as N. P. Sinha and for some reason it was changed to Rajendra Lal. On the other hand the affidavit sworn to by him, would show that he was always working as Rajendra Lal, and that his name should be changed to N. P. Sinha. They say that the stopping of the workman from work cannot be consistered to be retrenchment.

- 12. On the above pleadings the points that arise for consideration are:
  - (1) Whether the action of the management in terminating the services of the workman with effect from 28-2-75 is justified?
  - (2) To what relief?
- 13. On 20-12-79 Shri J. D. Lal for the workman in Reference No. 11/78 and Shri D. Narsingh for the workman in Reference No. 12/78 and Shri T. P. Chowdhury, learned Advocate for the management in both the references filed a joint memo praying the Court to try both the references fointly. The parties are agreed that the evidence recorded in Reference No. 12/78 should be treated as evidence in Reference No. 11/78.
- 14. Since the facts of one case cannot be considered in isolation from the facts of the other, it is but proper that both the reference should be disposed of by a common Award.

#### Issue (1) in Reference No. 12/78

- 15. The facts of the case may be briefly stated before proceeding to discuss the evidence adduced by the parties. Pure Dhansar Colliery was run by a partnership firm of which one Mr. Lodha was a Partner. This colliery comprised of one Incline and two Quarries. The former owners were working the Incline directly while getting the quarries worked through two separate contractors, one of them being Ghanashyam Noonia. With effect from 31-1-73 the date of take over, the Incline portion was worked by the Government and the contractors were allowed to continue to work the quarries. The mine was nationalised on 1-5-73 and the mine workers were taken over by M/s. Bharat Coking Coal Ltd., on their rolls. The system of getting the quarries worked by contractors having been stopped with effect from 1-8-73 the contractor' labeur was begun to be taken over by M/s. Bharat Coking Coal Ltd., in stages.
- 16. The case of the workman in Reference No. 11/78 (hereinafter referred to as R. Lal or Lal for brevity) is that he joined the service of Quarry No. 7 as a Quarry Munshi under the contractor, Ghanshyam Noonia somewhere in December '72. He claims to have continued to work in that capacity till 6-5-73 (Nationalisation being on 1-5-73) when he was stopped from work by the Manager of the mine, Mr. G. C. Mukherlee, MW-1 on the ground that in view of the fast approaching monsoon there was no work for him for some months to come. The workman Rajendra Lai met MW-1 in September 73 to find out if any work was available to him. The Manager shawered in the negative. On enquiry from the other workers in the mine he came to know that in his place one N. P. Sinha (Sinha for brevity) the concerned workman in Reference No. 12 78 was working assuming his (Lal's) name. Soon after that he loxiged a complaint with the concerned authorities against Sinha. A Committee consisting of three members was constituted to enquiry into this charge of impersonation. It is the case of Lal hat the Enquiry Committee after hearing him and Sinha and after examining MW-1 and other and comparison of signatures on the various pay and V.D.A. payment sheets held that the charge of impersonation was proved. After receipt of this Enquiry Committee's report the management stopped/terminated the services of Sinha as nor their letter faxt. W-8. But white Committee's report the management stopped/terminated the services of Sinha as per their letter Ext. W-8. But while terminating the services of Sinha the management refused to resistate Lal in his original post, Being aggrieved by this refusal of the management to reinstate bim he has raised the present industrial dispute.

- 17. The case of Sinha, the workman in Reference No. 12/78 is that he approached the former contractor, Ghanshyam Noonia through Mr. Lodha one of the owners of the mine for a suitable job. Ext. W-25 is the letter of recommendation wherein the workman Sinha was referred to by his own name. It is his further case that on the strength of the letter of recommendation be managed to secure a Quarry Muhshi's post in Quarry No. 7. He pleads that originally his name was entered as N. P. Sinha in the contractor's records but for some unknown reason the contractor took it into his head to change his name to Rajendra Lal within a few days after the date of his appointment. He submitted a representation to the Manager, Pure Dhansar Colliery requesting him to rectify the mistake and restore his original name on the record. According to him these representations were not considered at all with the result he had to continue in the service of this Quarry in the name of Rajendra Lal only. That was why in the Man Power list, his name was shown as Rajendra Lal by which name he was taken over on the rolls of Bharat Coking Coal Ltd. By October' 73 he was transferred to the Sub-Area Office, Bastacolla because of his educational qualification (Matric passed) and his knowledge of typing. He was given the post of Clerk Grade II in Sub-Area Office with effect from 1-10-73. He says that he was not aware of any Rajendra Lal working in that quarry. His further case is that the said Rajendra Lal could not have been working in that quarry during the relevant period because he was working as a wholetime Accountent with the Sendra Bansjora Colliery Co-operative Stores. He lalso takes the plea that the enquiry conducted by a Committee of three members to go into the question of the truth or otherwise of the case of impersonation is not binding on him because the said enquiry was not held in his presence.
- 18. From the stand taken by the two concerned workmen it is absolutely necessary for this Court to go into the question whether the charge of impersonation is true. In fact the parties have joined issue on this question and led ample evidence in support of their respective contention. But in paragraph 4 of the workman's statement of claim and para 22 of his rejoinder in Reference No. 12/78 it is plended that it is not open to this Court to go into the question of impersonation because by the date of termination of service viz. 28-2-75 the workman was already in the service of M/s. Rharat Coking Coal Ltd., as on Office Assistant. Though no arguments were addressed on this point, I am not inclined to agree with this view for if it is proved that the workman Sinha managed to get himself enrolled as an employee of Bharat Coking Coal Ltd., by deception and false personation, the action of the management in terminaien/stopping him from work should be considered to be justified. It is no defence for the workman to say whatever be the means he adopted to get into service since he was admittedly working on the relevant date 28-2-75 his absorption into the service of Bharat Coking Coal Ltd., should be held to be regular.
- 19. The first point that has to be considered is whether the case of false personation is true. In surport of this case Sinha examined himself as WW-4 besides examing WW-1 and WW-3. WW-3 is Sadhu Saran Prasad. From 1972 to June '73 he was in Pure Dhansar Colliery as a Carpentor. He used to see Sinha work in that colliery during the period to see Sinha work in that colliery during the period. of his service there. At first Sinha was working as a Quarry Munshi and thereafter was transferred to Sub-Area According to him the concerned workman Sinha worked in his own name for some time and thereafter in the name of Rajendra Lal. This change in the name from Sinha to Rajendra Lal was duly carried out in the colliery registers. He is one of the signatories to the representation Ext. W-19 submitted by 40 workman to the sub-Arca General Manager on 23-7-74. His signature appears at SI, No. 3. In his cross-examination it was suggested to him that in place of Rajendra Lal, Sinha joined service under the contractor and thereafter managed to get the record changed to his real name. This suggestion is denied. WW-4 Sinha (the concerned workman) files the letter Ext. W-25 addressed by Mr. Lodha, one of the Partners owning Pure Dhansar Colliery, to the contractor Ghanshyam Noonia requesting him to provide a job to the witness. On the strength of that letter he says he was appointed as a Quarry Munchi in his own name. He denies the presence of any other Munshi by name Rajendra Lal in any of the two Ouarries of Pure Dhansar. He next refers to Ext. W-20 which purports to be an affice copy of the letter addressed by bim to the Sub-Area Manager, Bastacolla Sub-Area on 31-8-73. He refers to certain endorsements

appearing on the original of that letter which he claims to have copied down on Ext. W-20 which endorsements are marked as Exts. W-21, W-22 and W-23. He refers to Ext. W-27 dated 3-11-73 which purports to be a private copy of the letter given by the Sub-Area Manager, Sri B. R. Roy directing the Asstt Controller of Accounts Sub-Area Office, Bastacolla Group to prepare salary bills of six members of the staff then serving in the group office with effect from 1-10-73. At Sl. No. 6 the name of the witness appears as N. P. Sinha and his designation is shown as Clerk Personnel Section. This is relied upon to show that he was working in his own name and not as an impostor. He then deposed to his having submitted the letter Ext. W-26 dated 24-1-73 to the Manager, Pure Dhansar Colliery within two days after his name was changed to Rajendra Lal requesting him to correct the name. He files Ext. W-28 Form 'M' notice issued to him by the management wherein his name is given as N. P. Sinha. Similarly Ext. W-29 is a statement in Form 'F' on which the employee's nomination of his heir to the Provident Fund and Gratuity in the event of his death is taken. This form is prepared in the witness's own name and signed by him in that name. Ext. W-30 is an attendance certificate issued by the Manager, Dhansar Unit for the period 15-9-73 to 20-10-73 in respect of this witness. In this exhibit the witness's name is correctly shown. In his cross-examination he stated that in the payment register of the contractor even after his name was changed to Rajendra Lal he was signing his name as N. P. Sinha. In reply to a question he stated that he did not take any steps to have the contractor's wage sheets produced before this Court. He further states that in the V.D.A. payment sheets maintained by Bharat Coking Coal Ltd., respect of contractor's employees with effect from 17-3-73 his name was shown as N. P. Sinha and with the name Rajendra Lal within brackets. But he says he was signing the acquittance in his own name. He feels that it is not necessary for him to call for the production of the V.D.A. sheets for the purpose of this case. After he was taken over on the rolls of Bharat Coking Coal Ltd., he claims that his name was entered as N. P. Sinha and not a Rajendra Lal. In his own name his attendance was said to have been taken and the wages paid. His attention was drawn to Ext. W-10 a copy of the affidavit filed by him before the Sub-Area Manager wherein he stated that his name was wrongly entered as Rajendra Lal in the register of Pure Dhansar colliery and that the same should be changed to N. P. Sinha. He denied having appeared before the Enquiry Committee that went into the question of impersonation. It was suggested to him that with the help of his relation Lala B. P. Sinha, a Trade Union Leader he managed to enter the service of Bharat Coking Coal Ltd., assuming the name of Rajendra Lal. He also denied the suggestion that the documents Ext. W-20 with the endorsements thereon Exts. W-26, W-19, W-25 and W-27 are all fabricated for the purpose of the present case. MW-1 Sri G. C. Mukherjee is at present working as Manager, Bera Colliery. He was the Manager of Pure Dhansar Colliery from 1970 to 1974. He stated that in the records of the contractor one Rajendra I al was shown as working as a Munshi and that the said Rajendra Lal was regularised along with other employees of the contractor with effect from August '73. He never saw this Rajendra I al before regularisation of the contract labour in August 73. The witness identifies N. P. Sinha sitting in the Court as Rajendra Lal. He went on to say that sometime in September or October 73 one person calling himself the real Rajendra Lul complained to him that another person was impersonating him. That case was referred to the Area Office for a formal enquiry to find out which of the two persons was the real Rajendra Lal. A Committee of three members was constituted to go into this question and the said Committee found that the person working to the name of Rajendra Lal was an impostor. On Lal was stopped from work. He denied the case of Rajendra Lal that he (witness) stopped him from service with effect from 7-5-73. He submits he had not right to stop any employee of the contractor from work. He also denied the case that he helped N. P. Sinha to impresonate Rajendra I al. In his cross-examination by Sri J. D. Lal for the workman in Reference No. 11 '78 he stated that he did ask the contractors to identify their workmen before their services were regularised under Bharat Coking Coal Ltd. Shri D. N. Narsing for the workman in Reference No. 12/78 showed him Ext. W-20 and asked him if the endorsements Exts. W-21 and W-23 appearing thereon were not the copies of those made by him on the original of that document. The witness denied the suggestion.

20. On the above evidence, oral and documentary, be seen whether Sinha entered service of Pure Dhansar Colliery in his own name or by impersonating Rajendra Lal, the workman in Reference No. 11/78. Shri Narsingh for the workman Sinha placed refiance on Exts. W-25 & W-26 for this purpose. Ext. W-25 is a letter of recommendation issued by one of the owners of Pure Dhansar Colliery to the contractor, G. Noonia requesting him to provide a job to Sinha in Quarry No. 7. It is argued that since Sinha got the job on the strength of this letter Ext. W-25 it must be presumed that he got the job in his own right and in his own name. It is not possible to place any reliance on this exhibit. The contractor, Noonia to whom that letter is addressed is still available. He is now working as an Attendance Clerk in Bharat Coking Coal Ltd. It is not Sinha's case that the Partner, Mr. Lodha is not available for being examined as a witness to prove the letter Ext. W-25. In the absence of these two witnesses S/Shri Ghanashyam Noonia and Lodha the document Ext. W-25 capact be of push halm to Sinha. Ext. W-26 capact be of push halm to Sinha. ment Ext. W-25 cannot be of much help to Sinha, Ext. W-26 is a letter dated 24-1-1973 written by Sinha requesting the Manager to correct his name as N. P. Sinha, As already stated the workman's case is that the contractor, Noonia at the time he gave him as ich le his contractor, Noonia at the time he gave him a job in his quarry, entered in his registers the real name of the workman Sinha and that by 22-1-1973 he changed that name without the knowledge and consent of Sinha to Raiendra Lel. We are told that this consent of Sinha to Rajendra Lal. change was brought bout to deny the workman the benefits due to him under the various labour laws. By 24-1-1973 Sinha claims to have become aware of this change effected in his name in the contractor's registers. Immediately thereafter i.e. on 24-1-1973 he addressed the letter Ext. W-26 to the Manager of the Colliery to undo the mischief. No steps were taken to call for the original of Ext. W-26. The attention of of the Colliery to undo the mischief. No steps were taken to call for the original of Ext. W-26. The attention of MW-1 the then Manager of Pure Dhansar Colliery was not drawn to this letter Ext. W-26 which is addressed to him. There is also an endorsement on Ext. W-26 to the effect that it was personally handed over to Mr. Mukherjee the Manager Saheb (MW-1). From Ext. W-26 it appears that copies of these letters were sent to the Secretary I.N.T.U.C. and to the Partner of the Firm owning Pure Dhansar Colliery. The case that his name was originally entered as N. P. Sinha in the contractor's registers and without his notice the contractor contractor's registers and without his notice the contractor changed his name to Rajendra Lal appears to be absolutely false as can be seen from the statement made by Sinha himself in the affidavit sworn to by him before a First Class Magistrate of Dhanbad. An office copy of that affidavit is marked as Ext. W-10 by consent. A reading of paragraphs 2 & 3 of that affidavit clearly suggests that his name in the first instance was (wrongly) entered as Rajendra Lal in Pure Dhansar Colliery register. Some reliance is sought to be placed on Ext. W-20 which purports to be an office copy of the letter addressed by the workman Slaha to the Sub-Area Manager, Bastacolla Group of Collieries on 31-8-1973 requesting the Manager to see that at least three days wages in a week were paid to him as per the terms of settlement. This letter is signed by Sinha as Rajendra Lal, Quarry Munshi and within brackets he gave his name as N. P. Sinha. According to Saha he came the continued of this letter recognility to the to Sinha be gave the original of this letter personally to the Manager MW-1 to be forwarded to the Sub-Area Manager for consideration. Ext. W-21 purports to be a copy of the endorsement made by MW-1 on the original of Ext. W-20 forwarding the letter to Sub-Area Manager. Sinha further tells us that the Sub-Area Manager on going through this letter wanted the Manager, MW-1 to certify whether the signatory to that Ietter was the real Rajendra Lal. The Sub-Arca Manager's endorsement is not there on Ext. W-20, MW-1 is said to have made another endorsement on the original of Ext. W-20 to the effect that the signatory was the man working as Rajendra Lal. Ext. W-23 is said to be a copy of that endorsement appearing on Ext. W-20. There is yet another endorsement purporting to be that of Lala B. P. Sinha to the effect that the signatory to that letter was the real Rajendra Lal, That endorsement is also copied on Ext. W-20, MW-1 when confronted with Exts. W-21 & W-23 denied all knowledge of the same. He says he never made any such endorsement on any letter submitted by Sinha. Sri T. P. Chowdhury the learned Advocate for the management filed Ext. M-4 the original of the letter Ext. W-20 submitted by the workman Sinha. This Ext. M-4 does not bear any endorsement whatsoever either of MW-1 or that of Lala B. P. Sinha. Sinha as WW-4 admitted that Ext, M-4 was in his hand. When his attention was drawn to the absence of the endorsements Exts. W-21 &

W-23 on Ext. M-4 Sinha stated that Ext. M-4 was not the only copy of the letter filed by him before the Manager. It is suggested that several copies of that letter were filed by him and that on one such copy the endorsements Exts, W-21 & W-23 were made by MW-1. The document Ext, M-4 appears to have been received in the Inward Section of Bharat Coking Coal Ltd., on 31-8-1973 while Ext. W-20 purports to have been presented before the management on 4-9-1973. The Inward been presented before the management on 4-9-1973. The Inward Clerk's signature acknowledging receipt of the original of Ext. W-20 is marked as Ext. W-24. Why two different copies of the same letter should have been filed, one on 31-8-19/3 and the other on 4-9-1973 is not explained. Both of them were addressed to the same Officer. The Inward Clerk that made the endorsement on Ext. W-24 is not examined to prove the receipt of the original of Ext. W-20 on 4-9-1973. In the circumstances the suggestion of Sri T. P. Chowdhury for the management that the endorsements on Ext. W-20 are all non-existent cannot be lightly brushed aside. Even if Ext. W-20 existent cannot be lightly brushed aside. Even if Ext. W-20 and the endorsements made thereon are taken as true, still in my view they do 1.0. advance the case of the workman Sinha any further. His services were regularised with effect from 1-8-1973. This letter Ext. W-20 comes into existence on 31-8-1973. He signs that letter as Rajendra Lal and gives his real name in brackers. He is identified by MW-1 and Lala B. P. Sinha as the Rajendra Lal that was working. This does not help Sinha in proving that the case of impersonation is false. Then the workman Sinha has filed Ext. W-19 the representation submitted by about 40 workmen to the General Manager, Sub-Area stating tht the complaint filed by Rajendra Lal alleging that N. P. Sinha was impersonating him was false and that the name of N. P. Sinha came to be changed as Rajendra Lal on account of the unfair labour practice followed by the erstwhile private management. This Ext. W-19 is said to have been presented before the management on 23-7-1974. No notice of this Ext. W-19 need be taken in view of the statement made by Sinha on oath in Ext. W-10 the affidavit to the effect that his name was entered in Pure Dhansar Colliery as Rajendra Lal. The present case of the contractor changing his name from N. P. Sinha to Rajendra Lal is not referred to therein. The case set out in Exts. M-1 and M-3 and produced to the taken the taken to the taken taken to the taken taken to the taken ta and spoken to by MW-4 that it was the usual practice of the contractors to change the name of their employees to prevent them from becoming permanent is not probable. When WW-4 was asked to give other instances of the contractor changing the was asked to give other instances of the contractor changing the names of his workmen to prevent them from being made permanent he was unable to cite even a single instance. Shri Narsingh for Sinha places reliance upon Ext. W-27 dated 3-11-1973 which appears to be a copy of the letter addressed by the Sub-Area Manager to the Asstt. Controller of Accounts calling upon him to prepare the salary bills of the six workmen named therein with effect from 1-10-1973. Sinha's name appears at Sl. No. 6 with the designation Clerk Personnel Section. On the basis of this document it is arraned that the workman's Si. No. 6 with the designation Cierk Personnel Section. On the basis of this document it is argued that the workman's name must have been registered as N. P. Sinha in the Sub-Area office even by 3-11-1973. The workman called upon the management to produce the original of this letter and the management by their memo dated 20-8-1979 stated that the said document was not traceable, They further submitted that they were not accepting the genuineness of this document. The claim of the workman table his name was registered as The claim of the workman taht his name was registered as N. P. Sinha even before 3-11-1973 is belied by the recitals contained in the affidavit Ext. W-10 filed on 12-10-1973 wherein he clearly stated that his name was registered as Rajendra Lal even in Pure Dhansar Colliery, From Exts, M-1 to M-3 submitted by him to the management it is probable he got his real name added to his assumed name Rajendra Lal by 3-11-1973. Exts. W-28 & W-29 are the Form 'M' & 'F' statements respectively. Form 'M' notice bears the date 20-3-1976 which is long after the dispute had arisen. Similarly Ext. W-29 also bears the date 7-11-1974 which is also a document coming into existence after the management started enquiry into the complaint made by Rajendra Lal. Further in the absence of the Provident Fund registers and the A.D.A. deposit account for the relevant period, it is not possible to accept the workman's case that his name was registered as N. P. Sinha in the registers of the management on the strength of Exis. W-28 & W-29 alone Again reference is made to Ext. W-8 a certificate issued by the Sub-Area Manager on 12-1-1974 certifying that the workman Sinha was working at Bastacolla Sub-Area No. 15 in the Personnel Section as a Clerk Grade II. Ext. W-7 is a certificate issued by the Senior Personnel Officer, Bastacolla Group to the effect that M/s, N. Iha and the workman Sinha, Assistant, of Personnel Section were authorised to make inspection at different collieries under the Sub-Area at different dates and time approved by the Personnel Depart-

This certificate also is not of much ment of the Sub-Area. value in the absence of the evidence of the Officers concerned. Then there is the identity card Ext. W-5 issued on 29-1-1975 wherein the workman's name is registered as N. P. Sinha. This document comes into existence long after the dispute is raised and not much reliance can be placed thereon. Admittedly his name was shown as Rajendra Lal in the Man Power List.
Then there is Ext. W-4 dated 1-11-1973 which is an office order issued by the Sub-Area Manager directing the Dhansar Colliery Manager to submit the service records of N. P. Sinha alias Rajendra Lal along with the service records of others. This document only shows that the workman managed to get his name inserted in the records with the alias name of Rajendra Lal. This document also does not help in establishing his case that his name initially entered correctly was changed without his knowledge to Rajendra Lal by the contractor. Ext. W-3 collectively are the pay slips issued in the name of N. P. Sinha for the months December 1974, January 1975 and February 1975. These documents also cannot have as ist the Court in finding out whether N. P. Sinha entered the service of this colliery in 1972 or 1973 impersonating Rajendra Lal. It is the workman's case that at his instance his name was corrected to N. P. Sinha after some enquiry (vide Ext. W-1 dated 7-4 1975 his representation to the management against the order of removal from service) even before the date of Rajendra Lal's complaint.

21. Shri Norsingh for the workman next submitted whether N. I. Sinha entered the service of Quarry No. 7 under the controctor, Neonia in the name of Rajendra Lal or in his own name, is a matter of no consequence. Rajendra Lal whose name appears in the contractor's registers could not be the Rajendra Lal the concerned workman in Reference 11/78. According to him, this Rajendra Lal the concerned workman in Reference No. 11/78 was working as a whole-time servant in the Cooperative Stores attached to Sendra Bansjora colliery from 1970 to 1973 September. Therefore Rajendra Lal appearing in the registers of the contractor Noonia at Pure Dhansar colliery should be a different person. He submits that the same Rajendra Lal cannot be expected to be working at both the places at the same time. In support of this case he has filed the salary registers of Sendra Bansjora collicry Co-operative Store for the years 1970 July to 1974 June which are marked as Fxts, W-16 to W-18. From the salary register Ext. W-16 it appears that from July of 1970 Rajendra Lal was working as an Accountant in that Co-operative Store. His name continued to appear in the attendance registers of that Store till September 1973. WW-1 Bisambhar Lal is a Salesman working in that Society from June 1972. He stated that Rajndra Lal worked as a wholetime servant in the Stores. Cross-examined by Sri J. D. Lal for the workman in Reference 11/78 the witness admitted that one Mr. Vohra, the Cashier of the said Co-operative Store whose name appears along with Rajendra Lal in the attendance registers W-17 & W-18 was only a part-time servant of the society. He was working as a whole-time Cashier in Sendra Bansjorn colliery. It was suggested to the witness that like Vorah, Rajendra Lal also worked as a part-time Accountant in that Co-operative Store and the witness denied the suggestion. WW-2 Ram Khelawan Singh was an Excthe suggestion. WW-2 Ram Knelawan Singh was an executive Member of Co-operative Store during the year 1973. He identified the workman in Reference No. 11/78 as Raiendra Lal the part-time Accountant of that society in 1973. He says that Rajendra I al and M. P. Vorah were the two part-time servants of the Co-operative Stores. He further deposed that though it was not necessary to take the attendance of part-time workers the Co-operative store was doing so. Cross-examined by Shri Narsingh for workman was doing so. Cross-examined by shift is a single for workman in Reference No. 12/78 he stated he had no personal knowledge as to in which colliery Rajendra Lal was engaged during the period he was working in the Co-operative Stores. Rajendra Lal as WW-5 admitted having worked in the Sendra Company of the Bansjora Co-operative store as a part-time employee. He says he was attending to his duties in the Co-operative Society during nights. Cross-examined by Sri T. P. Chowdhury for the management he stated he did not obtain the written permission of the colliery authorities at Dhansar to work as a part-tme Accountant in the Co-operative store but he claims to have verbally informed the contractor about this. He admits that he never informed Bharat Coking Coal Ltd., authorities about his being engaged as a part-time Accountant in the Co-operative store ofter he began receiving V.D.A. from them. From the evidence of WWs-1, 2 & 5 it does not appear to be impossible for an employee in a colliery to be engaged gainfully in a part-time job in his spare time. Sri M. P. Vorah, for instance, is admitted to be a whole-

time servant of Sendra Bansjora colliery while he was working as a Cash or in the co-operative store. If that were so there is no reason why the evidence of WW-2 should not be believed whin he says that Rajendra Lal was similarly engaged on part-time basis in this co-operative store. It is submitted that the distance between Sendra Bansjora Cooperative store and Pure Dhansar colliery is about 10 to 15 Kms and that it is not possible for one man to work in both the places during the course of the same day. The witness Wiv-2 tated that the distance between Sendra Bans-jora Co-operative store and Pure Dhansar would be 10 Kms by road but there was a short cut also. I see nothing improbable in a workman attending to his duties at Pure Dhansar while residing at Sendra Bansjora Co-operative Store. It is the evidence of WW-2 that Rajendra Lal was residing in a portion of the Co-operative Society's premises. Therefore the fact that Rajendra Lal was engaged as an Accountant of the Co-operative store during the relevant period 1972 November or December to 1-8-1973 does not improbablise the case that N. P. Sinha impersonated him to obtain his job. For the aforesaid reasons I hold that N. P. Sinha obtained service in Quarry No. 7 as a Munshi by impersonating Rajendra Lal.

22. It is next submitted that the management should have given Sinha the workman an opportunity to defend himself against the charge of false personation. Since the management held an enquiry into this question behind the back of the workman and proceeded to remove or stop him from service on the strength of that Enquiry Committee's report, the action of the management should be held to be opposed to the principles of natural justice. Admittedly an enquiry was held into the question of false personation by a Committee of three members. It is the case of Rajendra Lal that the Enquiry Committee issued notice to him and N. P. Sinha to appear before it to place their respective versions. It is his further case that the Enquiry Committee recorded their statements also. In support of that case he has filed Ext. W-11 which is marked by consent of parties. It is a notice issued by the Agent, Bastacolla Group informing Rajendra Lal that an enquiry would be held at the Agent's office into the allegation made by him (Lal) regarding fulse personation. The workman was asked to appear at the time of enquiry with all documentary and other evidence available with him to establish his identity and substantiate his allegations. Ext. W-12 is a letter addressed by the Senior Personnel Officer, Bastacolla Sub-Area to Rajendra Lal calling upon him to submit an affldavit giving his particulars like real name and father's name with permanent home address etc. along with copies of photograph duly signed by him. It is his case that imilar notices were served on N. P. Sinha and in pursuance thereof he appeared before the Enquiry Committee and also filed an affidavit with copies of his photograph, WW-4 decided this case, Rajendra Lal further stated that at the Enquiry MW-1 was also examined which furt MV/4 denied. The management feiled to produce the proceedings of the Enquiry Committee together with their report on the plea they were not available. It is the case of Rajendia Lal that at the instance of Sinha and the union heders supporting him the record of enquiry is suppressed. The Enquiry Committee's report is marked as Ext. W-31 at the in-tance and with the consent of Sri J. D. Lai the learned Advocate appearing for Rajendra Lai the workman in Reference No. 11/78. Shri Narsiagh for the workman in Reference No. 12/78 has opposed the marking of this learnest put heavy recoff in his case. The cultures of WW. In Reterence P.O. 127/8 has opposed the marking of this document without proof in his case. The evidence of WW-5 also is to the effect that the Enquiry Committee examined the signatures appearing in the V.D.A. payment sheets of the concerned workman for the period March 1973 onwards and were satisfied that they were the genuine signatures of his (Lal's), This V.D.A. payment sheets are not filed before this Court Sri T. P. Chowdhury for the management says they are not available It is true that in the absence of the proceedings not available It is true that in the absence of the proceedings of the Enquiry Committee, the findings recorded by that Committee cannot be made use of against N. P. Sinha the workman in Reference No. 12/78. But Sri T. P. Chowdhury for the management contends that the managment is not relying upon the findings of the Enquiry Committee in support of their action but on the basis of the evidence adduced by them in this case they are inviting the Court to record a finding on the question of impersonation. I agree with the contention of Shri T. P. Chowdhury. On the evidence adduced before this Court by the parties, I am satisfied that the case of impersonation is proved.

23. On this finding it follows Issue (1) in Reference No. 12/78 has to be answered against the workman.

### Issue (1) in Reference No. 11 of 1978

24. The case of the workman Rajendra Lal is that he joined service as a Quarry Munshi prior to take over at Quarry No. 7, Pure Dhansar under the contractor, Ghanashyam Noonia aand that he continued to work there till 6-5-73 when he was stopped from work by the Manager. The management does not dispute this fact that the workman worked till 6-5-73. However they dony the averment that the Manager MW-1 stopped him from work, It is case is further probablised by the fact that admittedly in the Man Power list his name appears. The Enquiry Committee's report Ext. W-31 (marked in Reference 11/78 only) shows that the signature on the payment sheets of Pure Dhansar collicry for the period 7-4-73 to 30-4-73 were those of Rajendra Lal (workman in Reference 11/78) and not those of N. P. Sinha alias Rajendra Lal (workman in Reference No. 12/78) Sri J. D. Lal for the workman argues that in the light of the finding on Issue (1) in Reference No. 12/78 to the effect that the action of the management in terminating/stopping Sinha from work was justified on the ground of his being an impostor, it must be held that the action of the management in refusing employment to Rajendra Lat is not justified. The management's case is that with the active connivance of Rajendra Lul, Sinha succeeded in impersonating him and since both the parties are equally guilty in the commission of this crime, the management is justified in removing the imposter from service and refusing to reinstate the other person Rajendra Lal. Their further case is that with effect from 1-8-73 the employees under the former contractor were taken over by Bhurat Coking Coal I id. If on that crucial date 1-8-73 Rajendra Lal was not actually on duty at the quarry he was not entitled to be absorbed into the service of Bharat Coking Coal Ltd. On the question of collusion between Rajendra Lal and Sinha certain circumstances are relied upon by Sri T. P. Chowdhury as proving the guilt of Rajendra Lal. Admittedly Rajendra Lal was working as an Accountant in the Sendra Bansjora Colliery Co-operative store. His name appears on the muster roll of that Society as can be seen from Exts. W-16 to W-18 from June' 70 till September' 73. It is the management's case that Rajendra Lal was working as a wholetime servant of the Co-operative society during the relevant period. From this it is argued that Rajendra Lal must have taken some consideration from Sinha to surrender the job of Munshi in Quarry No. 7 in latter's favour. This argument overlooks the fact that while working as an Accountant in the Co-operative Store, Rajendra Lal (WW-5) secured the post of Quarry Munshi in November or December' 72. Not the other way about. It is further submitted that in the absence of any explanation forthcoming from Rajendra Lal for his not attending duty at the quarry during the relevant period the case of collusion between the two concerned workmen should be presumed. The workman Rojendra Lal's explanation is that he was working as an Accountant in Sendra Bansjora colliery Co-operative Store in his spare time on a part-time basis and that he was regularly attending work at the quarry till 6-5-73. It is his further case that on 6-5-73 the Manager of the mine MW-1 stopped him from work saying that for some months to come there would be no work for him. Because of this direction given by MW-1 no work for him. Because of this direction given by MW-1 he say: he sopped going to the quarry. The Manager as MW-1 denied having asked Rajendra I al to stop from work with effect from 6-5-73. He says that he had no control over the persons working under the contractor. The case of the persons working under the contractor. The case of Rajendra Lal (MW-5) that there was no work for him during the months of May to September' 73 is probablised by a statement to the similar effect made by WW-4 (Sinha) in his representation Fxt, W-1 and Exts. M-1 to M-4. While discussing the case of Sinha it is held that the case of Rajendra Lal that he was working only on a part-time basis in the Co-operative store is not improbable. As admitted by WW-1 & WW-2 there was another Mr. Vorah, the Cashier of Sendra Bansiora Colliery working as Cashier in that Store on a part-time basis during the same period. Therefore the theory advanced on behalf of the management that because Rajendra Lal got an equally remunerative job elsewhere he must have surrendered his job at the quarry to N. P Sinha for some consideration thereby abetting the offence of impersonation, cannot be accepted. It is then pointed out that after having surrendered the job to N. P. Sinha, Rajendra Lal had to get it back when his services were terminated by the Co-operative store for some defalcation of funds. In support of that case an affidavit sworn to by the

Sceretary of that co-operative store is filed as Ext. W-15. This affidavit is proved by WW-1 one of the witnesses thereto. It shows that there was some defalcation by Rajendia Lal and after it came to hight he absented himself from duty. It is unnecessary to consider the question whether there was any defalcation of funds by the workman Rajendra Lal. On the evidence it is held he was only a part-time servant of the co-operative store and that he never abandoned or gave up the service in the collecty. There is no evidence whatsoever in support of the care of collusion between Rajendra Lal and Saiha in the commission of this offence of personation though there may be room for suspicion.

25. The other point raised by the management is that since Rajendra Lal was not in the service of the colliery on the date of regularisation of contract labour viz. 1-8-73 he was rightly not taken over on the rolls of Bharat Coking Coal Ltd. The workman as WW-5 has stated that the entire contract labour was not taken over by Bharat Coking Coal Ltd., on 1-8-73 but in stogra-plead over a period of time MW-1 also spoke to the tame of ret. It is his (WW-5) care that when he alked MW-1 in September 73, as to when his turn was coming for being regularised he was told to wait. Meanwhile he cause to know of the impersonation made by N. P. Sinha and this led to his thing a complaint before the management. It is not disputed by Sri T. P. Chowdhury that the entire contract labour was not taken over by Bharat Coking Coal Ltd., on 1-8-73 but in stages. If that were so the management's action in not providing Rajendra Lal with work on the plea that he was not in the service of the colliery on 1-8-73 may not be proper. Sri J. D. Lal for the work on submitted that since the coal raised by the contractor from the quarry belonged to Bharat Coking Coal Ltd., from the date. Since he continued to work in the mine till he was stopped from work with effect from 6-5-73 he submits that by that date Rajendra Lal had already become an employee of Bharat Coking Coal Ltd., at least in the eye of law. For this proposition reliance is placed on 1978 L.I.C., page 1264 S. C. This argument is plausible.

26. For the afotesaid reasons I hold Issue (1) in Reference 11/78 against the management and in favour of the workman.

## Issue (2) in Reference 11/78

27. In view of the finding on Issue (1), it must be held that the workmen Rajendra Lal is entitled to be reinstated with continuity of service with effect from 7-5-73, the date on which he was stopped from service.

28. The further question that arises for consideration is whether he is entitled to be reinstated with full back wages. On a careful consideration of the facts of the case I feel that the interests of justice will be amply met if he is reinstated with continuity of service but without any back wages. He says in his evidence as WW-I that he joined the contracter's service with effect from the serond week of November, '72, just before the date of take over. In the claim statement the date of joining service is not given, even approximately. The contractor's registers are not produced in support of the claim, nor the Contractor Noonia examined. No order of appointment is filed. What full we know with certainty is that during 7-4-73 to 30-4-73 (vide Exts. W-31 the Unquiry Committee's report) under his signature he drew pay from Pure Dhonsor colliery. From 6-5-73 he disappears from the scene till September' 73 when he lodged the compaint alleging imperioration. When he was stopped from work with effect from 6-5-73 he does not lodge a protest with the management. We are asked to believe that he meekly submitted to it.

29. In the result Reference No. 11/78 is answered as follows:

The ection of the management in refusing employment to the no formal Sri Raiendra I of as Ouarry Munsh is not jurtified. He is entitled to be roin toted in service as Quarry Munchi without any back week or other benefits, but with continuty of service with effect from 7-5-73.

## Issue (2) in Reference No. 12/78

30. In view of the finding on Issue (1) this Reference is answered against the workman.

## CORRIGENDUM

Bombay, the 12th May, 1980

Award dated 20-1-1979 in Reference No. CGIT-2|15 of 1973, Ministry's order No. L-29011/36/73-LRIV, dated 17-11-1973) Employers in relation to the management of Messrs Chowgule and Company Private Limited, Mormugao Harbour (Goa) and their workmen.

On 12-6-1979 the representative of the management filed a petition stating that in the award given by this Tribunal which is based on settlement, there has been typing mistake in the total of the compensation to be paid to the workmen while the details are correct.

It is submitted that the total amount payable should be 23,911.58 and not 29,910.48. It is submitted that the amount may kindly be corrected and a corrigendum issued.

Accordingly notice was issued to the other side also but they have not turned up. I have looked into the award as also the settlement. The details to be paid are as follows:—

Half Wages—Rs. 15,791.13

Retrenchment-Rs. 3,352.75

Compensation

Gratuity—Rs. 4,241.50

One month's-Rs. 526.20

notice pay

The total of the above amount comes to Rs. 23,911.58 and not Rs. 29,910.48 as shown in the total. It is apparently a typing mistake. Hence prayer of the management is allowed.

The figures showing the total of compensation etc. appearing in Award dated 20-1-1979 in Reference No. CGIT-2/15 of 1973 is to read on 23,911.58 instead of the figures 29,910.48 wherever it appears in that Award.

- 34.2 1976-77 तथा 1977-78 वर्षों के दौरान प्रत्येक राज्य में की गई नकद हितलाम भदायिगयों की कुल संख्या कालम 4 में दिखाई गई हैं। 1977-78 वर्षे के दौरान कुल मिलाकर लगभग 71.83 लाख ग्रदायिगयां (स्थायी ग्रपंगता दावों के क्पान्तरण के मावेदनों से सम्बन्धित एक मुश्न ग्रदायिग्यों में 8,701 दावों सहित) की गई। ये मदायिग्यां पिछले वर्षे की भवायिग्यों से लगभग 14.07 लाख ग्रधिक थी। ग्रीसन के रूप में प्रत्येक मास लगभग 5.9 लाख ग्रदायिग्यां की गई जबकि 1976-77 वर्षे में 4.81 लाख भवायिग्यां की गई थीं। प्रति कर्मवारी ग्रदायिग्यों की संख्या 1976-77 वर्षे में 1.17 थी जो 1977-78 वर्ष में बढ़कर 1.33 हो गई है।
- 35. बोनारी हितलाम (परिशिष्ट 16 के कालम 3 तथा 6 से 8) 35.1 1 जुलाई 1976 तथा 30 जून, 1977 के बीच पए केन्द्रों में तथा रोजगार के नए क्षेत्रों पर हितलाभ उपवंधों के कार्यान्त्रयन के फलस्बरूप तथा पहले से कार्यान्त्रित क्षेत्रों में रोजगार में वृद्धि होने के कारण सप्तीक्षाधीन वर्ष में लगभग 4.87 लाख प्रतिरिक्त कर्मचारी बीमारी हिनलाभ के हकदार हो गये। 1977-78 वर्ष के दौरान बीमारी हितलाभ का वाथा करने के हकदार कर्मचारियों की कुल संख्या 54.03 लाख होने का प्रतृमान है जबकि पिछले वर्ष यह संख्या 49.46 लाख वी (कालम 3 देखिए)।
- 35.2 वर्ष के बौरान बीमारी हितलाम के रूप में 2709.36 लाख रुपये की रागि की श्रदायमी की गई थी जबकि 1976-77 वर्ष में यह रागि 1885.54 लाख रुपये थी।

- 35.3 प्रति कर्मचारी नई प्रविधियों की ग्रीसत संख्या 1976-77 में 0.72 यी जो 1977-78 वर्ष में घतुकर 0.87 हो गई है । 1977-78 के दौरान प्रति कर्मचारी प्रतिवर्ष हितलाभ दिनों की ग्रीसत संख्या भी 6.0 हो गई है जो 1976-77 में 5.0 थी। प्रति कर्मचारी हितलाभ की दैनिक दर की रामि 1976-77 में 7.66 रुपये थी जो 1977-78 में बढ़कर 8.31 रुपये हो गई है ।
- 35.4 पिछले यां की भांति इस वर्ष भी बीमारी हिसलाम थांबों की घटना ध्रीर ध्रवधि के संबंध में राज्यों में परस्पर काफी घटन रही। लेकिन विभिन्न केन्द्रों पर बीमारी दावों की ध्रवधि पर महानिदेशक लगान्तार निगरानी रखे हुए हैं। इस सम्बन्ध में मुख्यालय में प्रत्येक मास प्राप्त भांकड़ों का भावधिक रूप से विश्लेषण किया जाता है तथा किसी केन्द्र की किसी ध्रसामान्य घटनक के बारे में क्षेत्रीय निदेशकों तथा प्रमान्यनिक जिल्ला ध्रिधिकारियों के साथ पत्र-व्यवहार किया जाता है ताकि वे ध्रावश्यक तथा संभव होने पर इस ध्रसामान्य घटनक की दूर करने के लिए उपर्युक्त व णीध्र कार्रवाई कर सके।

## 35.5 घारा 58(2) के अन्तर्गत अस्यधिक बीमारी हितलाम

यीमाकृत व्यक्तियों को बीमारी हितलाभ अवायगी का भार कुछ राज्यों में प्रत्यिल भारतीय श्रीसत से अधिक पाया गया है। 1976-77 वर्ष के प्रत्याधिक बीमारी हितलाभ को निगम तथा राज्य सरकारों के बीब निम्न प्रकार से बांटा गया है:---

राज्य सरकार का नाम	राज्यों में दी गई कुल बीमारी हितलाम की राशि (वास्तविक )	श्रष्टिक भारतीय श्रौसत से श्रष्टिक में राज्य सर- कार का शेयर

- 36. विस्तारित बीमारी हितलाम (परिशिष्ट 16 के कालम 9 मीर 10)
- 36.1 क्षय रोग, कोढ़, मानसिक तथा बुर्वेम्य रोग धादि जैसे कुछ विशिष्ट रोगों से पीड़ित बीमाइन्त व्यक्ति बीमारी हितलाध के 91 दिन के बाद विस्तारित धविध के लिए विस्तारित बीमारी नकव हितलाभ प्राप्त करने के घिकारी हैं।
- 36.2 1977-78 वर्ष में इस मद में बीमाकृत व्यक्तियों को 262.67 जाज रुपये की रामि झवा की गई जबकि पिछले वर्ष यह रामि 238.02 लाज रुपये थी।
- 36.3 प्रति 1000 जोखिम-प्रस्त कर्मचारी वार्वो की संख्या धीर समाप्त वार्वो की भवधि के रूप में प्रभिष्णक्त विस्तारिस धीमारी हिंतलाभ वार्वो की घटनाएं 1976-77 तथा 1977-78 वर्षों के खिए परिशिष्ट 16 के कालम 9 तथा 10 में दिखाई गई है।
  - 37. प्रसुति हितलाभ (परिणिष्ट 16 के कालम 11 प्रीर 12)
- 37.1 प्रसूति हिल्लाभ के लिए पाल महिला कर्मचारियों की संख्या 1976-77 में 3,82,550 थी जो 1977-78 में अवकर 4,02,750 हो गई है। प्रसूति वाओं के रूप में प्रदा की गई कुल राशा 173.40 लाख रुपये थी जबकि 1976-77 में यह राशा 151.32 लाख रुपये थी। प्रति प्रसूति बाबा नकद हिल्लाभ की भौसत राशा 1976-77 में 701 रुपये थी जो अवकर 843 रुपये हो गई है।
- 37.2 प्रति 1000 बीमाइन्त महिला कर्मचारी दायों की संख्या 1976-77 में 56.5 थी जो 1977-78 में घटकर 51.0 रह गई है।

38. ग्रस्थायी प्रयंगता हितलाम (परिशिष्ट 17 के कालम 3 से 6)

38.1 1977-78 वर्ष के दौरान रोजगार चोट से प्रस्त कर्मचारियों की संख्या 55.22 लाख थी जबिक 1976-77 में यह संख्या 53.25 लाख थी (देखिए कालम 3)। 1977-78 वर्ष में अस्थायी अपंगता हितलाभ के रूप में लवा की गई राजि 501.35 लाख रुपये थी जिमकि 1976-77 वर्ष में मह राजि 439.29 लाख रुपये थी। नई अविधयों की भौसत संख्या तथा प्रति कर्मचारी प्रति वर्ष हितलाभ दिनों की भौसत हितलाभ दर काशः 0.07, 0.97 तथा 9.39 रुपये है जबिक 1976-77 वर्ष में तदनुरूपी अनिङ्गे कमणः 0.07, 0.91 तथा 9.02 रुपये थे (देखिए कालम 4 से 6) प्रति अविध का भौसत काल 12.80 से बढ़कर 13.28 दिन हो गया है। पिछले वर्ष की तरह इस वर्ष भी विभिन्न राज्यों में इन दायों की घटनामी ग्रीर काल में घटबढ़ रही।

## 39. स्थायी अपंगता हितलाभ (परिविड्ट 17 के कालम 7 से 10)

39.1 1977-78 वर्ष में स्वोकृत नए मामलों की संख्या 13.281 की जबकि पिछले वर्ष यह संख्या 12.669 थी। प्रति 1000 बीमाकृत कर्मकारी घटनाएं 1976-77 को 2.38 से बढ़कर 2.41 हो गई।

39.2 वर्ष के आरम्भ में निधि के दावेदारों की संख्या 38.175 थी जो वर्ष के अन्त में घटकर 37.001 रह गई (देखिए कालम 10)। हितलाभ के रूप में यास्तव में मंजितरिंत राशि 382.55 लाख रुपये (187.40 लाख रुपये को रूपान्तरित राशि महिता) थी जचकि 1976-77 वर्ष में सह राशि 307.23 लाख रुपये (174.90 लाख रुपये की रूपान्तरित राशि सहित) थी।

39.3 वर्ष के दौरान स्वीकार किए गए नए मामलों से सम्बन्धित स्थायी अपंगता हितलाभ दावों का पूंजीकृत मूल्य 520.93 लाख रुपये पा जबकि 1976-77 वर्ष में यह 520.26 लाख रुपये पा । वर्ष के अन्स में स्थायी अपंगता हितलाभ आरक्षित निधि 1743.15 लाख रुपये पी जबिक कितोष वर्ष के प्रारम्भ में तदनुक्षी राशि 1,851.87 लाख रुपये थी।

39.4 ब्राविश्वक श्रदायियों के बदने रूपान्तरित मूल्य लेने का विकल्प करने वाले स्याया श्रपंगना हितलाभ के दावेदारों की संख्या 1976-77 में 8,354 थी जो 1977-78 वर्ष में बढ़कर 8,701 हो गई हैं।

## 40. स्थायी प्रपंगता हितलाभ वाबे (परिणिष्ट 18)

40.1 वर्ष के दौरान स्वीकार किए गए स्यायी अपंगता के 13,281 मामलों का (क) उद्योग के मुख्य समूहों तथा (ख) उद्योगवार प्रदिशित प्रति 1000 कर्मधारी दावों की घटनाओं के अनुसार विक्लेषण किया गया था। पिछले वर्ष की तरह, दुर्घटनाओं की सबसे अधिक संख्या "वस्त्र उद्योग" में पाई गई तथा इसके बाव "इंजीनियरो" श्रीर "धात्विक खनिज" मा स्थान रहा। अध्य-भार "धस्त्र उद्योग" नया "धात्विक खनिज" में अधिक है। 1976-77 वर्ष के तबनुक्यी अध्य-मार की तुलना में यह देखा गया है कि इस वर्ष प्रमुनव किया गया व्यय-मार अधिकांण उद्योगों में पिछले वर्ष अनुसव किए गए व्यय-मार से काफी कुछ मिलता जुलता है।

40.2 स्थायी अपंगता की औसत डिकी 8.85 प्रतिशत अनुभव की गई जबकि पिछले वर्षे यह 9.26 प्रतिशत थी। प्रधिकतम दुषंट-नाएं ग्राठवें मजबूरी गुप, यानी 16 रुपये और 24 रुपये के बीच दैनिक मजबूरी ग्रुप में हुई।

40.3 महिला कर्मचारियों में स्थायी प्रपंतता हितलाभ के मामलों की संख्या केवल 181 रही। इन घटनाओं के कम होने का कारण संभवतः यह है कि महिलाओं को प्रामतौर पर जोखिम वाले व्यवसायों, कार्यों धावि पर नहीं लगाया जाता है। 41. जाधितजन हितलाम ( परिशिष्ट 17 के कालम 11 और 12)

41.1 समीक्षाधीन वर्ष के दौरान आश्रितजन हिनलाभ के लिए स्वीकार किए गए दावों की संख्या में कभी हुई । 1976-77 वर्ष में 469 दावें स्वीकार किए गए ये जबकि इस वर्ष यह संख्या 413 रह गई (देखिए कालम 11)। वर्ष के दौरान स्वीकार किए गए प्राश्रितों की कुल संख्या 1164 थी।

41.2 वर्ष के भ्रारम्भ और ग्रन्त में सभी ग्राश्रितों का श्रेणीवार विवरण इस प्रकार है :---

विवरण	31 मार्चको	
	1977	1978
विधवाएं	4,401	4,697

## 43. ग्रंशवान एकत करने का तरीका

सामान्यतः अंशदान जिपकाने वाली कर्मचारी राज्य बीमा टिकटों के रूप में एकत किये जाते हैं। ये टिकटें निगम के बैंकरों की मार्फ़त बेची जाती हैं। अंशदान फ़ेंकों के द्वारा भी प्राप्त किये जाते हैं। समीक्षा-धीन वर्ष में 127 नये लाइसेंम विये गये तथा 4 लाइसेंम रह किये गये जिससे इस्तेमाल में धाने वाली फैंकिंग मणीनों की संख्या 954 हो गई हन वो तरीकों के धलावा दिनांक 30-11-75 से दिल्ली क्षेत्र में अंशवान टिकटों के स्थान पर अंशवानों की नकद प्रदायगी की प्रणाली भी प्रयोगान्यक प्राधार पर शुरू की गई थी। इस प्रणाली को संतोषजनक पाया गया है। यह प्रणाली 1-10-78 से कर्नाटक तथा राजस्थान क्षेत्रों में लागू की गई है।

## 44. भिरीक्षण

समीक्षाधान वर्ष में मुख्यालय ने निरीक्षण की प्रगति पर कड़ी निग-रानी जारी रखा । निरीक्षकों ने नियोजकों तथा उनके कर्मचारियों को रिकार्ड रखने और कर्मचारी राज्य बीमा अधिनियम तथा उसके प्रन्तर्गत बनाये गये जिनियमों के जिमिन्न उपबन्धों का पालन करने में मार्गदर्शन करना तथा प्रशिक्षण देना जारी रखा ।

यर्थ के भ्रन्त में कुल मिलाकर 332 बीमा निरीक्षक ( 279 + 53 छुट्टी रिजर्व) थे । वर्ष के दौरान कुल मिलाकर 35,600 निरीक्षण किये गये ।

1977-78 वर्ष के दौरान कर्मचारी राज्य बीमा निगम द्वारा लिए गए महत्वपूर्ण निर्णय

# (क) 25 अक्तूबर, 1977

निगम ने कर्मचारी राज्य बीमा (सामान्य, विनियम, 1950 के विनियम 31-क में इस धाणय के संशोधन का धनुमोवन किया कि यवि धंशवानों की ध्रवायणी संशवान टिकट विपकाकर की जाती है और कोई नियोगजक निर्धारित समय के सन्दर संशवान कार्ड प्रस्तुत नहीं करता

है तो यह समक्षा आएगा कि उसने ग्रंगवान की समय पर भवायगी नहीं की है। निम्नलिखित संशोधित विनियम 31-क ग्रन्तिम रूप से स्वीकार किया गया:---

"31--क देय किन्तु समय पर भवान किए गए भंभादान पर भ्याज : यदि कोई नियोजक विनियम 31 में निर्धारित भवधि के भन्दर अंगदानों की भदायगी नहीं करता है सो उसे अंशवानों की भदायगी नहीं करता है सो उसे अंशवानों की भवायगी में जूक या देर के प्रत्येक दिन के लिए 6 प्र० शव वार्षिक की दर से ब्याज देना होगा। लेकिन यदि अंशवान की भवा- यगी अंशदान टिकट लगाकर की जाती है और विनियम 26 के

भन्तर्गत निर्धारित समय में घंशदान कार्य जमा नहीं किए जाते हैं तो नियोजक के विषय में यह समझा जाएगा कि उसने भंगदानों की समय पर भवायगी नहीं की है।

2. निगम में कर्मचारी राज्य बीमा ( सामान्य) विनियम, 1950 के विनियम 76-ख (1) में संशोधन का अनुमोदन किया साकि जिस वीमाकुन व्यक्ति की अधिकतम 1.50 रुपए प्रतिधिन की दर पर स्थायी अपंगता हिनलाभ दिया गया है, वह स्थायी अपंगता हिनलाभ दिया गया है, वह स्थायी अपंगता हिनलाभ की आवधिक अदायगियों को एक मुक्त राशि में रूपान्तरित करने के लिए आवेदन कर सकें और अंत में निम्नलिखित संशोधन स्वीकार किया:

"उक्त विनियमों के विनियम 78—ख के उप-विनियम (1) में "एक रुपया" शब्दों के स्थान पर "1.50 रुपये" शब्द ग्रीर ग्रंक रखे जायेंगे।"

- 3. निगम में कर्मचारी राज्य बीमा (मामान्य) विनियम, 1950 के विनियम 103-क के उपविनियम (2) के संशोधन की धन्तिन रूप से स्थीकार करने का धनुमोवन किया नाकि उसे निम्नलिखित रूप में पढ़ा जा सके:---
  - (2) "जिस व्यक्ति के सम्बन्ध में किसी अंगवान श्रविध में 13 साप्ताहिक अंगवान और पहली अंगवान की स्थिति में उस अंग-वान श्रविध में कम से कम श्राव्ये साप्ताहिक अंगवानों की श्रवायगी कर वी गई है श्रववा अंगवान देय थे, वह तरसंबंधी हितलाभ श्रविध के श्रन्म तक विकित्मा हितलाभ का स्वयं हकदार होगा।"
- 4. निगम ने बीमाक्कत व्यक्ति के स्वयं विकित्सा देख-रेख का हकवार होने की तारीख से बीमाक्कत व्यक्तियों के परिवारों के लिए चिकित्सा देख-रेख का विस्तार करने के लिए कर्मचारी राज्य बीमा (मामान्य) विनियम, 1950 के विभियम 95-क के उप-विनियम (2) में भिम्न-लिखित संशोधन की अंतिम क्य में स्वीकार करने का प्रनुमोधन किया:—

"उक्त विनियमों के विनियम 95-क के उप-विनियम (2) में "उसके स्वयं पहली बार हकवार होने के 13 सप्ताह बाद" मार्क और अंकों के स्थान पर, "बीमाकृत व्यक्ति के हकवार होने की तारीख से" मान्य रखे जाएंगे।"

इसके परिणामस्वरूप इस फार्म के घरत्यायी पहचान प्रमाण-पत्न भाग में बीमाकृत व्यक्ति के परिवार के सदस्यों के क्यौरे णामिल करने तथा बीमाकृत व्यक्ति की मृत्यु हो जाने पर किसी भी प्रकार के देव हितलाभ की ग्रवायगी करने के लिए नामांकन पत्न में व्यवस्था करने के लिए फार्म-1 (बोषणा-पत्न) में संशोधनों की भी अंतिम रूप से स्वोकार किया।

- 5. जिगम ने रोजगार घोट के प्रलावा दूसरे कारणों से प्रसमर्थता की प्राकस्मिकता में बीमाकृत व्यक्तियों की सुरक्षा प्रवान करने के लिए कर्मचारी राज्य बीमा प्रधिनियम, 1948 के प्रन्तर्गन प्रसमर्थना हिनलाभ की योजना का प्रमुमोदन किया । इस पर विचार करने तथा इसके परिणाम स्वरूप कर्मचारी राज्य बीमा प्रधिनियम में संणोधन करने के लिए भी इसमें केन्द्रीय सरकार की योजना भेजने का निर्णय किया।
- 6. निगम ने निर्वाह खर्च में वृद्धि द्वारा मृत्यहाम की पूर्ति करने के लिए स्थायी श्रमंगता हिमलाभ और श्राधिनजन हिसलाभ की दरों में वृद्धि करने के प्रस्ताय का धनुभोदन किया और निम्नलिखित संकल्प स्वी-कार किया :--

कर्मचारी राज्य बीमा प्रधिनियम, 1948 की धारा 99 में विहित उपबन्धों के प्रनुसरण में कर्मचारी राज्य बीमा निगम यह संकल्प करता है कि बोमाकृत व्यक्ति की स्थायी प्रपंतता प्रयवा मृत्यु के मामलों में जहां ऐसी स्थायी प्रपंतता प्रयवा मृत्यु 31-3-75 की प्रथवा उससे पूर्व हुई हो प्रधिनियम के उपबन्धों के प्रत्यंत स्वीकृत किए गए स्थायी प्रपंतता हिनलाभ तथा प्राध्यतजन-हिनलाभ की प्रावधिक प्रदायगियों की राशि निस्नलिखिल सीमा नक बढ़ाई जाएगी:—

- (क) ऐसे मामले जहां स्थायो राशि का 20% जिसे अपंगता अयवा मृत्यु 31-3-74 अगले 5 पैसे के गुणांक को अथवा उससे पूर्व हुई हो। में पूर्णीकत किया जाएगा।
- (ख) ऐसे मामले जहां स्थामी राशिका 10% जिसे घगले प्रपंगता अथवा मृत्यु 1-4-74 5 पैसे के गुणांक में सक तथा 31-3-75 के बीच पूर्णांकित किया जाएगा। हुई हो।

यह भी संकल्प किया गया कि उपर्युक्त भावधिक भ्रवायिगयों की क्षेत्री हुई राशि 1-10-77 से शुरू भ्रवधियों के लिये देव होगी।

- 7. निगम ने प्रस्पतालों, विशेषक केलों प्रावि में जाने के लिए एम्बुलेंस का उपयोग न करने काले लाकाधिकारियों को यात्रा आर्च की वरों में 0.65 रु० में वृद्धि करके 1 रु० प्रति कि०मी० प्रथना उसका भाग (बोनों ओर) करने की स्थायों समिति की सिफारिशों का ग्रनुमोदन किया।
- 8. निगम ने बीमाकृत व्यक्तियों को उनके हकदार न रहने के बाद भी बीमारी की प्रविध समाप्त होने तक बाह्य उपवार जारी रखने का स्थायी समिति की सिफारिशों का अनुमोदन किया।
- 9. निगम ने कर्मचारी राज्य बीमा ग्रस्पताल, ग्रहमवाबाद और बंगलौर में प्रसवौत्तर एककों की स्थापना करके प्रसवौत्तर कार्यक्रम के विस्तार का ग्रनुमोदन किया।
- 10. निगम ने भारत नरकार द्वारा प्रपने कर्मचारियों के स्टाक-क्वार्टरों के लिए निर्धारित कुर्मी क्षेत्र मानकों के प्राधार पर कर्मचारी राज्य बीमा प्रस्थाना, औषधानयों और प्रत्य चिकित्सा संस्थानों में स्टाफ क्वार्टरों के निर्माण के मानकों को स्वीकार करने का निर्णय किया। इसके प्रलाबा विभिन्न प्रकार के प्रस्थतालों में विभिन्न प्रकार के स्टाफ क्वार्टरों की संक्या निर्धारित करने के मानक भी बनाए गए।

### **ACHIEVEMENTS**

# 1.1 Improvements and Enhancements in Benefits:

The Year 1977 was observed as the Silver Jubilee Year of the Employees State Insurance Scheme which completed 25 years of its successful working on 24th February 1977. In commemoration thereof, the following significant improvements and enhancements in benefits were introduced during the year under report:—

- (a) The duration of Sickness Benefit payable to an insured person under Section 49 of the ESI Act, 1948, was increased from 56 days to 91 days in any two consecutive benefit periods, with effect from 1st May, 1977. This brings the Sickness Benefit under the Scheme at par with the standard laid down in the ILO convention on Minimum Standards of Social Security, for developing countries.
- (b) For the first time since the beginning of the Scheme, the Permanent Disablement Benefit and Dependents' Benefit pensions sanctioned respectively to permanently disabled insured persons and dependents of deceased insured persons, were enhanced to compensate them for increase in the cost of living index in recent years. The increase in pensions has been allowed to the following extent, the increased persions being payable from 1st October, 1977:—
- (i) Cases where disablement or death occurred on or before 31-3-1974. 20% of the amount subject to the rounding off to the next higher multiple of 5 paise.
- (ii) Cases where disablement or death occurred the rounding off to the next between 1-4-74 to higher multiple of 5 paise. 31-3-75.
  - (c) The daily rate of permanent disablement benefit for commutation of periodical payments of Permanent Disablement Benefit, which previously was at maximum of Re. 1 per day, was raised to Rs 1.50 with effect from 17th December, 1977.
  - (d) The family of an insured person hither to became entitled to medical care 13 weeks after the insured person himself became entitled to it. From 17th December, 1977, the medical care is being provided to the family of an insured person also from the same day as the insured person himself becomes entitled to it, instead of waiting for 13 weeks.
  - (e) The family members of an insured person were so far entitled to receive medical care from the ESI Dispensary/IMP clinic at which the insured person himself was registered. It has now been decided to provide medical facilities to families of insured persons in the following circumstances also:—
    - (i) Where the insured person works and resides at one station and his family resides at another

- station and both are implemented centres and located in the same State;
- (ii) Where the members of family move alongwith the insured person from his place of duty either on leave or on temporaly transfer to any other station which is an implemented centre in the same State or in a different State.
- (f) An insured person who becomes disentitled to medical benefit during his treatment period, would now continue to receive medical treatment till the spell of sickness ends or in the case of long term ailments, so long as the insured person (excluding members of family) requires active treatment.
- (g) The Corporation has decided to provide artificial limbs, hearing aids, spectacles, artificial dentures, teeth, artificial eye, wigs to female beneficiaries, cardiac pacemaker dialysis/kidney transplant, wheel chair/tricycle, spinal support (Jackets, graces etc.), cervical collars, walking callipers, surgical boots, crutches, hip prosthesis, total hip etc. to insured persons and their families, as part of medical care under the scheme, except that the spectacles and artificial dentures would be provided to insured persons only for the present, but would cover both employment as well as non-employment contingencies of accidents, sickness etc.
- (h) It has been decided to construct convalescent homes on a modest scale under the Scheme where insured patients who no longer needed active medical treatment, could be shifted from hospital and provided with ordinary medical attention besides nursing care and other facilities.

### Implementation in new areas:

1.2 The State of Himachal Pradesh was brought on the ESI map for the first time when the Scheme was implemented at Solan from 5th June 1977. <sup>\*\*</sup>Commissioned in August, 1977.

<sup>\*</sup>Out of 320 beds sanctioned 295 beds have been commissioned.

<sup>@</sup>Out of 416 beds sanctioned 300 beds have been commissioned.

<sup>%</sup>Out of 266 beds sanctioned, 250 have been commissioned.

<sup>§</sup>Out of 300 beds sanctioned, 230 have been commissioned.

<sup>111</sup>H), pitals having Low occupancy-State Govts, requested to look into the cases,

a @Cost per bed per day is high-State Govts, requested to look in to the matter.

- 26.1. Statistics relating to (a) the attendances per annum per 1000 insured persons and also per 1000 family (insured person units) (b) the number of home visits in respect of Insured persons and families and (c) the number of cases (i) admitted in hospital and (ii) referred for specialist investigations in respect of insured persons are given in these Appendices. These figures are based on returns furnished primarily by the Dispensaries and Panel Practitioners. For working out the rates of medical attendances, the number of insured persons/family (Insured Person) units attached to the reporting Dispensaries/Clinics only are deemed to be "exposed".
- 26.2. During the year under report, the All India rate of new attendances per 1000 insured persons decreased from 3386 in 1976-77 to 3221, the number of old attendances per 1000 insured persons has also registered a decrease from 6137 in 1976-77 to 6132. This year, the proportion of old attendances to new has been 1.90 against 1.81 experienced in 1976-77.
- 26.3. The All-India rate of new attendances per 1000 family units decreased from 3527 in 1976-77 to 3520, the number of old attendances per 1000 family units has increased from 6856 in 1976-77 to 6907. The proportion of old attendances to new during 1977-78 has increased from 1.94 in 1976-77 to 1.96.
- 26.4. The total number of home visits in respect of insured persons has decreased by about 2.78 per cent compared to that in 1976-77. However, in respect of families, there is also a decrease of about 35 per cent. The incidence of home visits as measured by the number of visits per 1000 insured persons has shown a decrease from 55 in 1976-77 to 52 in 1977-78.

26.5. The total number of cases admitted in hospitals has, shown an increase from 2.24,821 in 1976-77 to 3,94,340 in 1977-78. The number of cases referred for Specialists investigation has registered a decrease from 14,30,731 in 1976-77 to 13,31,137 in 1977-78.

#### 27. Sickness Pattern.(Appendix XIV)

- 27.1. Information on the sickness pattern for the country as a whole expressed as number of new cases per 1000 insured person exposed, is indicated in this Appendix for each of 51 cause groups, separately for the insured workers and members of their family.
- 27.2. The incidence rates for all cause groups taken together is lower in 1977-78 than in 1976-77 in respect of insured persons and also lower in number of their families. For every spell in respect of an insured person, there has been this year 1.093 fresh spells in respect of the members of the family of an insured person as against 0.960 in the year 1976-77. When it is borne in mind that as against one insured person, there are 2.88 family members, the incidence of morbidity, as measured by incidence of new cases, continues to be lower among members of the family of the Insured persons when compared with the insured persons themselves.
- 27.3. Cause group-wise incidence of sickness in respect of insured persons bears a close resemblance to the corresponding rates experienced by members of the family of insured persons for almost all the diseases listed. However, wide deviation in incidence in a few cause groups only, bring out in high relief the peculiar ailments to which the particular group (viz. insured persons or families) is comparatively more prone.

- 33. Other Improvements

33.1 The E.S.I. Corporation in its meeting held on 25-2-78 has resolved to extended Sickness Benefit for the persons suffering from "Bonoplegia" with effect from 1-4-76.

#### CASH BENEFITS

(Appendix XVI to XVIII)

- 34. Number of cash benefit payments (Col. 4 of Appendix
- 34.1 Cash Benefits are paid at the Local/Miniature/Sub-Local/Pay Offices set up by the Corporation in different areas. The number of such offices was about 686 on 31st March 1978 as against 682 a year earlier.
- 34.2 The total number of cash benefit payments made in each State during the years 1976-77 and 1977-78 is shown in column 4. In all, about 71.83 lakks payments (including 8,701 claims relating to lump-sum payments in respect of requests for commutation of permanent disablement claims) were effected during the year 1977-78. These were about 14.07 lakhs more than those during the preceding year. On the average, about 5.99 lakhs payments were effected every month as against 4.81 lakhs payments during 1976-77. The number of payments per employee has increased from 1.17 in 1976-77 to 1.3 in 1977-78.
- 35. Sickness Benefit (Cols. 3 and 6 to 8 of Appendix XVI)
- 35. As a result of the implementation of the benefit provi-35. As a result of the implementation of the benefit provisions of the Scheme in new centres and to new sectors of employment between 1 July 1976 and 30 June 1977 and also due to the increase in employment in the already implemented areas, an additional about 4.57 lakhs employees became eligible for sickness benefit during the year under report. The total number of employees entitled to claim sickness benefit during 1977-78 is estimated at 54.03 lakhs as against 49.46 lakhs last year (vide column 3).
- 35.2 During the year, an amount of Rs. 2709.36 lakhs was paid as sickness cash benefit as against Rs. 1885.54 lakhs in 1976-77.
- 35.3 The average number of fresh spells per employee during 1977-78 has increased from 0.72 in 1976-77 to 0.87 in 1977-78 the average number of benefit days per annum per employee during 1977-78. The amount of daily rate of benefit per employee has increased from 8.0 in 1976-77 to 8.0 in 1977-78. The amount of daily rate of benefit per employee has increased from 8.5. 7.66 in 1976-77 to 8.5. 8.31 in 1977-78.
- 35.4 As in the preceding years this year also witnessed wide variations among the States interse in respect of incidence and duration of sickness benefit claims. The Director General has, however, been keeping continuous watch over the duration of sickness claims at various centres. The relevant statistics received at the headquarters every month are analysed periodically, and any abnormal variation in the trend in any centre is taken up with the Regional Directors and Administrative Medical Officers with a view to enable them to take suitable and prompt remedial measures whenever necessary and possible.

#### 35.5 Excessive Sickness Benefit under Section 58(2).

The incidence of Sickness Benefit payment to insured persons has been found to exceed the All India Average in certain States. The Excessive Sickness Benefit for the year 1976-77 has been shared between the Corporation and the State Governments as under:-

Name of the State Government		ments share of excess over All
,	Rs.	Rs.
Andhra Pradesh	79,48,289	2,06,738

- 39.2. The number of claimants on the Fund decreased from 38,175 at the beginning of the year to 37,001 at the end (vide column 10). The actual amount disbursed as benefit was Rs. 352,55 lakhs (including the commuted amount of Rs. 187,40 lakhs) as against Rs. 307.23 lakhs (including the commuted amount of Rs. 174.90 lakhs) in 1976-77.
- 39.3 The Capitalised value of Permanent Disablement Benefit claims in respect of fresh cases admitted during the year was Rs. 520.93 lakhs as against Rs. 520.26 lakhs in 1976-77. The Permanent Disablement Benefit Reserve Fund stood at Rs. 1743.15 lakhs at the close of the year, the corresponding amount at the beginning of the financial year being Rs. 1,851.87 lakhs.
- 39.4. The number of claimants to Permanent Disablement Benefit who have opted for receipt of commuted value m lieu of periodic payments has increased from 8,354 in 1976-77 to 8,701 in 1977-78.

### 40. Permanent Disablement Benefit claims (Appendix XVIII)

40.1. Analysis of 13,281 cases of permanent disablement admitted during the year was made according to (a) the main groups of industry and (b) the incidence of claims per 1000 employees exposed industrywise. As in the last year, the highest number of accidents was recorded in 'Textiles' followed at a distance by 'Engineering' and Metallic Minerals'. The incidence is high in 'Textiles' and 'Metallic Minerals'. From a comparison of the corresponding incidence for the year 1976-77, it is observed that the incidence experienced this year bears a closed resemblance to that experienced last year in most of the industries.

- 40.2. The average degree of permanent disablement experienced was 8.85 per cent as against 9.26 per cent for the last year. The largest number of accidents occurred in the eighth wage group, i.e., between the daily wages of Rs. 16 and Rs. 24.
- 40.3. The number of permanent disablement benefit cases that arose among women employees is only 181. The incidence is low presumably because women are not generally employed on hazardous occupations, duties etc.

#### 41. Dependants' Benefit (Cols. 11 and 12 of Appendix XVIII).

- 41.1. The number of fresh claims admitted for Dependants' Benefit during the year under review decreased from 469 in 1976-77 to 413 (vide columns 11). The total number of dependants admitted during the year was 11.64.
- 41.2. The categorywise distribution of all the dependants as at the beginning and end of the year is as under:—

Description	As on 31 st	March	
	1977	1978	
Widow	4,401	4,697	
Son and Daughter	7,279	7,762	
Father	639	694	
Mother	861	929	
Other Dependant children	601	650	
Total	13,781	14,732	

41.3. The amount paid as dependants' benefit has increased from Rs. 65.43 lakhs in 1976-77 to Rs. 77.41 lakhs in 1977-78. The capitalised value in respect of dependants' benefit claims was admitted during the year was 126.25 lakhs as against Rs. 147.11 lakhs in 1976-77. The Dependants' Benefit Reserve Fund stood at Rs. 957.87 lakhs on 31st March, 1978 as against Rs. 826.78 lakhs on 31st March, 1977.

#### 42. Income from Contributions

During the year 1977-78, total amount collected was Rs. 1, 31, 92, 66.

#### 43. Mode of Collection of Contributions

The collection of contributions is generally in the form of adhesive ESI stamps which are sold through the bankers of the corporations Contributions are also received by franks. 127 new licences were issued and 4 were cancelled during the year under report, bringing the total number of franking machines in use to 954. Besides these two modes, the system of payment of contribution through cash in place of contribution stamps was introduced on experimental basis in Delhi Region w.e.f. 30-11-75 and has been found to be working satisfactorily. This system has been introduced in Karnataka and Rajasthan Regions w.c.f. 1-10-78.

#### 44. Inspection

During the year under report, progress of the inspection work continued to be under the close watch of the Head-quarters Office. Inspectors continued to provide guidance and training to employers and their staff in maintaining record and complying with the various provisions of the E.S.I. Act and Regulations framed thereunder.

At the end of the year, there were in all 332 Insurance Inspectors (279 plus 53 Leave Reserves). The total number of inspections carried out during the year was 35,600.

#### BUDGET AND FINANCE

#### 47. Financial and accounting arrangements,

47.1. The Budget Estimates for the year 1978-79 were adopted by the Corporation at its meeting held on the 23rd February, 1978. The approval of the Central Government to the same was issued on the 13th March, 1978. The Budget Estimates were laid on the tables of the Rajya Sabha and the Lok Sabha on the 22rd and the 23rd March, 1978 respectively.

47.2. The consolidated Audit Report on the accounts of the Employees' State Insurance Corporation for the year 1975-76 forwarded by the Accountant General, Central Revenues to the Central Government on 13-6-1977, was received in the Head Office of the Corporation on 25-6-1977. These audited Accounts were submitted for consideration to the Standing Committee at its meeting held on 24-10-1977. The Standing Committee considered the audited Accounts and recommended adoption thereof by the Corporation on 25-10-1977, the audited accounts were sent to the Central Government on 28-10-1977. These were laid on the tables of Lok Sabha and Rajya Sabha on 17-11-1977 and 18-11-1977, respectively.

In December 1976 the Accountant General, Central Revenues informed the Ministry of Labour that with the promulgation of the Conptroller and Auditor General (D.P.&C.) Act, 1971, it was not possible to continue the existing arrangement of audit of accounts of the E.S.J. Corporation. The Ministry was further informed that the existing arrangement could be continued under section 20(1) of the Comptroller and Auditor Generals Act if an appropriate request was made in the prescribed manner. The matter was placed in the meetings of the Standing Committee and the Corporation approved the continuance, of Audit by the Comptroller and Auditor General of India. The Ministry of Labour was requested on 29-10-1977 to move the Ministry of Finance in the matter of continuance of the audit of the Employees' State Insurance Corporation by the Comptroller and Auditor General of India. In the meantime the Accountant General, Central Revenues took up audit of the Accounts of the Corporation for the year 1976-77. The consolidated Audit Report for the year 1976-77 was received from the Ministry of Labour on 18-3-1978. The Standing Committee considered these audited accounts at its meeting held on 19-6-78 and recommended adoption thereof by the Corporation. After adoption by the Corporation on 25-11-1978, the audited accounts were sent to the Central Government on 2-12-1978. These were laid on the Tab'es of Lok Sabha and Rajya Sabha on 21-12-1978 and 22-12-1978 respectively. The consolidated Audit Report for the year 1977-78 is awaited from the Accountant General, Central Revenues.

4. Ratio of Administration Expenditure to total Contribution	7.72%	10.40%	10.24%	6.98%	7.24%
5. No. of ESIC Staff per lakh insured employees	177	171	154	160	168

# Definition of the terms Employees', Insured Persons' and 'Beneficiaries'.

- (a) The number of the 'employees' as on a specified date is the estimated number of effective posts in the factories/establishments covered under the scheme. This would broadly represent the average number of employees per day employed by the factories/establishment round about that date and normally may not vary significantly from the number of employees actually employed on that date. It should, however, be noted that the actual number of persons who have occupied a particular sanctioned post during a period may be more, in as much as a leave reserve or badli worker may have officiated temporarily during absence, leave etc. of a regular worker.
- (b) The number of 'insured persons' on any date indicates for purposes of this Report, the number of persons who may be deemed to be entitled to medical benefit on such date.

Further, the number of 'insured persons' on any day would normally be in excess of the number of 'employees' as on that day because, under the eligibility conditions for medical benefit under the Act the persons entitled to medical benefit on any day would comprise not only the persons actually employed on that day but also the ex-employees, who by virtue of the contribution conditions during the period earlier to that would be entitled to such benefit on that date,

(c) The total number of 'beneficiaries' on any date represents all the persons who may be deemed to be entitled to medical benefit under the Scheme on that date. It comprises the 'insured persons' and where medical benefit has been extended to families of insured persons, the member of their families. The total number of members of the family of insured persons (not including the insured person) is arrived at by assuming an average of 2.88 members, for each 'insured person'.
